GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF THE CHIEF FINANCIAL OFFICER

Glen M. Lee
Chief Financial Officer

Dear District of Columbia Taxpayer:

Welcome to the 2026 tax season! The Office of Tax and Revenue (OTR) is here to assist you. OTR works hard each year to make filing your taxes as easy as possible and to keep you informed of changes in filing requirements. This year, there are several important changes that you should know about.

Federal Tax Changes and the District

In July 2025, the U.S. Congress passed the One Big Beautiful Bill Act (OBBBA) which made significant changes to federal tax laws. In November 2025, the D.C. Council passed a new law limiting the number of OBBBA tax changes that will affect District taxpayers. As a result, several federal tax changes will *not* apply when filing District taxes, and some taxpayers may need to file a District return even if they don't need to file a federal return.

The District **will not** recognize the following federal tax changes from the OBBBA legislation:

- Higher federal basic standard deduction
- Deductions for tips, overtime pay, or car loan interest
- A larger tax deduction for seniors
- Full expensing of research and experimental costs
- Changes to the calculation of the business interest limitation deduction
- Special depreciation for certain business production property
- A small charitable deduction for people who don't itemize (starts federally in 2026)
- Excluding capital gains from the sale of small business stock

Tax Year 2025 Changes

In addition to OBBBA-related adjustments, several other changes to the District's tax law are effective for tax year 2025.

- **DC Earned Income Tax Credit (EITC):** The District EITC is now **100% of the federal EITC amount**, giving more support to eligible workers.
- **Child Tax Credit:** This credit is **repealed** for 2025.
- **Out-of-State Municipal Bonds:** Interest earned from bonds issued by other states is now **taxable** in the District.
- **FAS 109 Deduction:** This deduction is delayed until tax years beginning after Dec. 31, 2029.
- **D-40 Filing Requirement:** You must file a D-40 return if your **gross income is equal to or exceeds the District's basic standard deduction**, even if you do not have to file a federal individual income tax return.
- **Schedule H Property Tax Credit:** The maximum credit increases to **\$1,425**. The income limits increase to **\$66,000** for people under 70 and **\$90,000** for people 70 or older.

Updates to MyTax.DC.gov

This year, the **D-40B Nonresident Request for Refund** form is now available on MyTax.DC.gov. This makes it easier for nonresidents to request a refund online.

We encourage all taxpayers to create a MyTax account and choose digital letters and notices. This helps you get information faster and keeps your tax records in one secure place.

OTR's New Website

In October 2025, OTR launched a redesigned website to make it easier for everyone to find what they need. This new platform makes the site user friendly and easier to navigate. You will now find forms, deadlines, and important information more quickly and with fewer clicks on MyTax.DC.gov.

If you have questions or need help, please call OTR at (202) 727-4TAX (4829) or visit us at 1101 4th Street SW, Suite W270, Washington, DC 20024.

We look forward to serving you this tax season!

Sincerely,

A handwritten signature in black ink, appearing to read 'Glen M. Lee', written in a cursive style.

New for 2025 Income Tax Returns

- **Filing Deadline.** For Tax Year 2025 the filing deadline is April 15, 2026.
- **Filing Threshold.** The District has established its own filing threshold requirements for the D-40 Individual Income Tax Return beginning with tax year 2025. This means DC taxpayers may be required to file a D-40 return even if they are not required to file a Form 1040 federal income tax return. Please refer to the "2025 Filing Requirements Chart for Most Taxpayers" on page 7 of this booklet.
- **New Filing Requirement - OTR Tax Notice 2025-01.** Beginning with tax year 2025, the following persons must submit an electronic copy of their federal income tax return (including any schedules or other information provided to the IRS) for the corresponding tax year or period:
 - o Any individual with gross income exceeding \$500,000 with the filing status of single, head of household, qualifying widow(er) with dependent child, or married filing separately; or
 - o Individuals with gross income exceeding \$1,000,000 with the filing status of married/registered domestic partner filing jointly or married/registered domestic partner filing separately on a combined return.
- **DC Basic Standard Deduction** - The District has established its own basic standard deduction amounts. For tax year 2025, those amounts are:
 - o \$15,000 for single filers, dependent filers and married/registered domestic partner filers filing separately;
 - o \$22,500 for head of household filers; and
 - o \$30,000 for married/registered domestic partners filing jointly and qualifying widow(er) with dependent child filers.
- **Additional Standard Deduction.** If you or your spouse/registered domestic partner were born before January 2, 1961, or blind, an additional standard deduction of \$1,600 (\$2000 if single, head of household, or dependent claimed by someone else and are not married) is allowed. The Schedule S, Calculation G-1 computing any additional standard deductions must be submitted with your return. (When married filing separately, you may take an additional standard deduction for your spouse/registered domestic partner **only** if your spouse/registered domestic partner had no gross income, is not filing a return, and cannot be claimed as a dependent by another taxpayer.)
- **Schedule I - Additions to and Subtractions from Federal Adjusted Gross Income.** The District does not allow certain exclusions and/or deductions allowed under federal law on your federal return. If you claimed those items on your federal return (or you have income from a pass-through entity that claimed these items) you must add them to your federal adjusted gross income. For tax year 2025, those items should be reported on Schedule I, Calculation A, Line 7 "Other" and include:
 - o **Municipal bonds** - Interest on the obligations of other states and their political subdivisions will be included in District gross income. Interest earned on obligations of the District or a territory of the United States as well as obligations issued by DC Water, the Washington Metropolitan Area Transit Authority (WMATA), and the District of Columbia Housing Finance Agency (DCHFA) remain exempt.
 - o **Capital gains on qualified small business stocks.** The capital gains from the sale or exchange of "qualified small business stock", as defined under Internal Revenue Code (IRC) § 1202, will be included in District gross income. The gross income exclusion under IRC § 1202 does not apply.
 - o **Calculation of limitation of business interest expenses.** When computing the limitation of business interest expenses under IRC § 163, the "adjusted taxable income" shall not include any subtractions for depreciation, amortization, or depletions of property. Additionally, the "floor plan financing interest expense as defined under IRC § 163(j) shall not apply.
- **State and Local Taxes (SALT).** DC does not allow a deduction for state and local income taxes. However, you can deduct your entire state and local real estate taxes on your DC Individual D-40 Income Tax return, and the federal limitation (increased to \$40,000) does not apply. Refer to Calculation D if a part-year resident, or Calculation F if a full-year resident.
- **Federal Schedule 1-A Additional Deductions.** The District does not allow the following federal schedule 1-A Additional Deductions: No Tax on Tips; No Tax on Overtime; No Tax on Car Loan Interest; and the Enhanced Deduction for Seniors. This means you cannot claim these deductions on your DC Individual D-40 Income Tax return even if you claimed them on your federal return.
- **DC Earned Income Tax Credit (EITC).**
 - o For tax year 2025 DC EITC is increased to 100% of the federal credit.
 - o The limit on investment income is increased from \$11,600 to \$11,950.
 - o For EITC Without Qualifying Children the maximum credit amount has increased from \$632 to \$649.

New for 2025 Income Tax Returns, Continued

- **Schedule HSR - DC Health Care Shared Responsibility.**
 - o The Percentage Income Calculation (Worksheet B-1) has changes based on the new filing thresholds for D-40 returns.
 - o The District Average Bronze Plan Premium Calculation (Worksheet C-1) amounts have been updated.
- **Schedule H - Homeowner and Renter Property Tax Credit.**
 - o The maximum property tax credit limit is increased from \$1,375 to \$1,425.
 - o Schedule H federal Adjusted Gross Income (AGI) eligibility threshold has increased to \$66,000 for claimants under age 70, and \$90,000 for claimants age 70 and older.
- **Schedule ELC – Keep Child Care Affordable Tax Credit.** The District taxable income thresholds have changed and the maximum credit amount has been increased to \$1,200 per eligible child.
- **D-40B Nonresident Request for Refund** - Starting with tax year 2025, the D-40B Nonresident Request for Refund form can be filed electronically through [MyTax.DC.gov](https://mytax.dc.gov).
- **Other Miscellaneous Exclusions.** Unless otherwise prohibited by federal law, lump-sum payments an individual receives from the Early Childhood Educator Equity Fund is excluded from DC income or assets. Also, for tax year 2025, forgiveness of River East at Grandview Condominium Loans are excluded from DC income. If these items are included in your federal adjusted gross income, use Schedule I, Calculation B, Line 13, "Other" to subtract them from District gross income.

- **DC Low-Income Housing Tax Credit (LIHTC)** - Taxpayers transferring or receiving DC LIHTC must be registered online at [MyTax.DC.gov](https://mytax.dc.gov). See Instructions for Low-Income Housing Tax Credit Allocation and Certification on [MyTax.DC.gov](https://mytax.dc.gov).
- **Verify your Tax Preparer.** Visit <https://irs.treasury.gov/rpo/rpo.jsf>. You are responsible for the submission of your DC Tax Return. Also, if you file electronically, you must receive a copy of your D-40E form for your records in addition to a copy of your DC return.
- **Unemployment Insurance** - For taxable years beginning January 1, 2021, unemployment insurance benefits provided by the federal government, District of Columbia, and any other state, are excluded from the computation of District gross income.

- **Receiving your refund via the US Bank ReliaCard: Pre-Acquisition Disclosures**
The Consumer Financial Protection Board (CFPB) has published its final Prepaid Account Rule, creating detailed consumer protections for prepaid accounts. For tax year 2025, if you elect to receive a refund using the ReliaCard, you are required to review and acknowledge the Pre-Acquisition Disclosures (Short and Long Forms) prior to selecting the ReliaCard option as a method for receiving a refund. Copies of the ReliaCard Pre-Acquisition Disclosure and the ReliaCard Fee Schedule can be found on pages 28-39.

Instructions

Who must file a DC Income tax return?

Effective for tax years beginning January 1, 2025, the District of Columbia has decoupled from the federal standard deduction amounts and has established its own filing requirements for the D-40 Individual Income Tax return. This means some taxpayers will have to file a DC D-40 Individual Income Tax return even when they are not required to file the federal 1040 Individual Income tax return. You must refer to the "2025 DC Individual Income Tax Filing Requirements Chart" below to determine if you need to file a D-40 return. If your gross income for the year was at least the amount shown on the appropriate line in the chart below, you must file a D-40 Individual Income Tax return. The filing requirements apply even if you owe no tax. You may have to pay a penalty if you are required to file a return but fail to do so.

You must file a 2025 DC Individual Income Tax Return if:

- You were a District of Columbia (DC) resident in 2025 and you meet the filing requirements in the chart below according to your filing status and age;
- You maintained a place of abode in DC for a total of 183 days or more during 2025 even if your permanent home was outside DC;
- You were a part-year resident of DC during 2025 (see instructions for part-year residents, page 18);
- You were a member of the United States (US) armed forces and DC was your legal residence for tax purposes for all or part of 2025.
- If you want to receive a refund of DC taxes withheld or estimated payments made during the year, or if you qualify for and want to receive the following refundable credits:
 - o DC Earned Income Credit;
 - o Schedule N, Non-Custodial Parent Earned Income Credit;
 - o Schedule H, Homeowner and Renter Property Tax Credit; or
 - o Schedule ELC, Keep Child Care Affordable Tax Credit.

You do not need to file a 2025 DC Individual Income tax return if:

- You do not meet the filing requirements in the chart below according to your filing status and age;
- You were not considered a resident of DC during 2025;
- You were an elected member of the US government who was not domiciled in DC;
- You were an employee on the personal staff of an elected member of the US Congress and you and the elected member were bona fide residents of the same state;
- You were a member of the US Executive Branch appointed by the President, subject to US Senate confirmation, whose tenure of office is at the pleasure of the President and you were not domiciled in DC during any part of 2025; or
- You were a justice of the US Supreme Court and were not domiciled in DC during any part of 2025.

Note: If you are the spouse/registered domestic partner of someone not required to file, such as a nonresident Congressional appointee, and you meet any of the requirements, you yourself must file.

2025 DC Individual Income Tax Filing Requirements Chart	
IF your filing status is...	THEN file a D-40 return if your gross income was at least...
Single	\$ 15,000
Married/registered domestic partner filing jointly or filing separately on the same return	\$ 30,000
Qualifying widow(er) with dependent child	\$ 30,000
Head of household	\$ 22,500
Married filing separately	\$ 15,000
Dependent filer	\$ 15,000

Note: You must file a D-40 Individual Income Tax return if your gross income for the year was at least the amount shown on the appropriate line in the above chart. If you are not required to file a federal individual income tax return, you should prepare a mock-up of the applicable federal return (Form 1040, 1040-SR, 1040-NR or 1040-NR-EZ), including any additional forms or worksheets related to the return, as if you are filing the return with the IRS. This will help you determine the federal adjusted gross income amount, and other applicable amounts to include in your D-40 Individual Income Tax return.

Other forms you may have to file

D-40B Nonresident Request for Refund

If you were not a DC resident and you had DC taxes withheld or you are requesting a refund for erroneous estimated taxes paid, file Form D-40B, Nonresident Request for Refund, along with your W2's or 1099s attached. Military Spouses must include DD FORM 2058, JAN 2018 to honor your request for refund, including your W-2s and/or 1099s. Schedule K-1's are not a substitute for W2/1099's. Failure to provide this information will delay processing your request. Starting with tax year 2025, the D-40B can be filed electronically through [MyTax.DC.gov](https://mytax.dc.gov).

D-40ES Estimated Payment for Individual Income Tax

You must file these vouchers if you are required to file a District of Columbia (DC) income tax return and you expect to owe \$100 or more in taxes. See Worksheet to Estimate DC Tax Payments. You will automatically be assessed interest for any underpayment of DC estimated tax.

Note: Electronic payment required. If the amount of the payment due for a period exceeds \$5,000, you must pay electronically via [MyTax.DC.gov](https://mytax.dc.gov) or through Modernized e-File (MeF).

D-41 Fiduciary Income Tax Return

Use the D-41 if you are the fiduciary of a DC estate or trust and the gross income for the trust is \$100 or more for the year.

FR-329 Consumer Use Tax on Purchases and Rentals

You should file this form electronically via [MyTax.DC.gov](https://mytax.dc.gov) and pay if during the tax year you paid a total of more than \$400 for merchandise, services, or rentals subject to DC use tax on which you did not pay sales tax.

When are your taxes due?

April 15, 2026 is the deadline for filing your return and paying any taxes due. If the due date falls on a Saturday, Sunday, or legal holiday, the return should be filed no later than the next business day.

Extension of Time to File

FR-127 Extension of Time to File a DC Income Tax Return

An extension of time to file of six months may be granted if a valid extension of time to file is requested. In order to be valid, an FR-127 Extension of Time to File form is due by April 15, 2026. If the due date falls on a Saturday, Sunday, or legal holiday, the request for extension of time should be filed no later than the next business day. The submission of the extension of time to file is subject to the following considerations:

1. If you expect to have a balance due when you file your D-40, you must pay your taxes owed when submitting your timely filed extension. Penalty and interest charges are imposed on any tax owed that is not paid on time with the extension request.
2. If you do not expect to have a balance due when you file your D-40, you would not be required to file a Form FR-127 provided you have reasonably estimated your D-40 tax liability and paid the estimated amount of DC income taxes through withholding or estimated tax payments.
3. If you do not expect to have a balance due but wish to request an extension for your DC income tax return anyway, you should submit a Form FR-127.

Additional extensions

In addition to the 6-month extension, you may receive an additional 6-month extension if you are living or traveling outside the U.S. You must file Form FR-127 for the first 6-month extension by the April 15, 2026 deadline before applying for the additional extension of time to file.

Extensions for Members of the US Armed Forces Deployed in a Combat Zone or Contingency Operation.

Deadlines for filing your return, paying your tax, claiming a refund, and taking other actions with OTR are extended for persons in the Armed Forces serving in a Combat Zone or a Contingency Operation. The extension also applies to spouses/registered domestic partners, whether they file jointly or separately on the same return. See IRS Pub. 3, Armed Forces Tax Guide for further information.

Filing your return

This booklet has all the forms and instructions you will need. You are responsible for filing and paying taxes on time whether or not you receive the printed forms.

- **Modernized e-File (MeF)**

MeF offers most DC individual income taxpayers a full federal/state electronic filing program. There are three ways for taxpayers to file their federal and District returns together electronically:

1. Through an authorized software provider listed on the IRS website or the OTR website;
2. Through a tax practitioner who is an authorized e-File provider; or
3. Through a commercial online filing service. This allows taxpayers to transmit their DC and federal returns from their computer for a fee.

If you use the e-File options to file your DC return, you also have three options to receive your refund:

1. Direct Deposit;
2. U.S. Bank ReliaCard; or
3. Paper Check.

Be sure to make a selection on the return for the refund option that you want. If you do not select an option, you will receive a paper check. Please review the information about the refund card at the front of this book. Instructions for direct deposit can be found on page 15.

Electronic Filing Instructions

The instructions in this booklet are specifically for filers of paper returns. When you file electronically, note that the instructions may differ. Follow the "on screen" instructions. If you need further explanations, review the instructions in this booklet.

- **Substitute forms**

You may file your DC tax return using a computer-prepared or computer-generated substitute form, provided the form is approved in advance by the Office of Tax and Revenue (OTR). The fact that a software package is available for retail purchase does not mean that the substitute form has been approved for use. Call or check with the software developer to determine if their form is an OTR-approved form.

By mail

- If mailing a return with a payment, send it to:
Office of Tax and Revenue
PO Box 96169
Washington, DC 20090-6169
- If mailing a refund request return or a no money due return, send it to:
Office of Tax and Revenue
PO Box 96145
Washington, DC 20090-6145

There are two adhesive mailing labels on the back flap of your return envelope. If you are sending a payment with your return, use the PO Box 96169 mailing label on your return envelope.

If you are filing a no money due or a refund request return, use the PO Box 96145 mailing label on your return envelope.

Do not include more than one return per envelope.

Requirement to Submit an Electronic Copy of Federal Tax Return

Starting January 1, 2025, the following persons are required to submit an electronic copy of their federal income tax return, including any schedules or other information provided to the IRS for the corresponding tax year or period:

- individuals who are single, head of household, qualifying widow(er) with dependent child, or married filing separately, with gross income exceeding \$500,000 for the taxable year;
- individuals who are married filing jointly, registered domestic partners filing jointly, married filing separately on a combined return or registered domestic partners filing separately on a combined return with gross income exceeding \$1,000,000.

Note: If filing your DC return by paper, do not submit paper copies of your federal return. You will receive a letter with instructions on how to upload your federal return information electronically on [MyTax.DC.gov](https://mytax.dc.gov).

Payment Options

ACH Debit

ACH debit is available for taxpayers who have signed up for a [MyTax.DC.gov](https://mytax.dc.gov) account. There is no fee. Bank account information is stored within the online account. [MyTax.DC.gov](https://mytax.dc.gov) can store multiple bank accounts across multiple tax types. Taxpayers give OTR the right to debit the money from their bank account. Ensure you allow 1-3 business days for processing if entering change of banking information.

Direct Debit

Electronic filers have the ability to pay their tax due or estimated payment by direct debit. Enter your banking information, including the routing and account numbers of the checking or savings account and the date of withdrawal. The date of withdrawal cannot be greater than 30 days after the due date of the return.

Credit/Debit Card

The taxpayer may pay the amount owed using Visa®, MasterCard®, Discover® or American Express®. They will be charged a fee that is paid directly to the District's credit card service provider. Payment is effective on the day it is charged. Visit [MyTax.DC.gov](https://mytax.dc.gov) for more information.

Note: International ACH Transaction (IAT). Your payment cannot be drawn on a foreign account. You must pay by money order (US dollars) or credit card instead.

Check or money order (US dollars)

Include a check or money order (US dollars), payable to the DC Treasurer, with your completed return. Write your Taxpayer Identification Number (TIN), daytime telephone number, tax year 2025 and "Form D-40" on your payment. **Attach your payment to the Form D-40P voucher provided in this booklet. Do not attach either your payment or the Form D-40P to your return.**

Form D-40P, Payment Voucher - by mail

Use this form when sending a check or money order. Do not staple the voucher to the D-40. If you pay at the same time that you file your return, include the D-40P with your D-40 in the return envelope provided. Use the PO Box 96169 mailing label from the back flap of the return envelope.

Dishonored Payments

Make sure your check or electronic payment will clear. You will be charged a \$65 fee if your check or electronic payment is not honored by your financial institution and returned to OTR.

Penalties and Interest

OTR will charge –

- A penalty of 5% per month if you fail to file a return or pay any tax due on time. It is computed on the unpaid tax for each month, or fraction of a month, that the return is not filed or the tax is not paid. It may not exceed an additional amount equal to 25% of the tax due;
- A 20% penalty on the portion of an underpayment of taxes if attributable to negligence. Negligence is a failure to make a reasonable attempt to comply with the law or to exercise ordinary and reasonable care in preparing tax returns without the intent to defraud. One indication of negligence is failure to keep adequate books and records;
- Interest of 10% per year, compounded daily, on a late payment;
- A one-time fee to cover internal collection efforts on any unpaid balance. The collection fee assessed is 10% of the tax balance due after 90 days. Payments received by OTR on accounts subject to the collection fee are first applied to the collection fee, then to the penalty, interest and tax owed;
- A civil fraud penalty of 75% of the underpayment which is attributable to fraud (see DC Code §47-4212).

For Estimated Tax Underpayment Interest, Form D-2210, use D-40 Line 40. The form can also be located at [DC Tax Forms/Instructions](#). File the Form D-2210 with your return.

Criminal Penalties

You will be penalized under the criminal provisions of DC Code, Title 47, if you are required to file a return or report, or to perform any act, and you:

- Fail to file the return or report timely. If convicted, you will be fined not more than \$1,000 or imprisoned for not more than 180 days, or both, for each failure or neglect;
- Willfully fail to file the return or report timely. If convicted, you will be fined not more than \$1,000 or imprisoned for not more than 180 days, or both;
- Willfully attempt to evade or defeat a tax; willfully fail to collect, account for, or pay a tax; or willfully make fraudulent and false statements or fail to provide information. See DC Official Code §47-4101 through 4107.

These penalties are in addition to penalties under DC Code §22-2405 for false statements (and any other applicable penalties).

Enforcement Actions

OTR may use lien, levy, seizure, collection agencies, and liability offset if the taxpayer fails to pay the District within 10 days after receiving a Notice of Enforcement and a demand for payment.

Special filing circumstances

Amended return

File an amended DC return if your DC tax liability for a prior open tax year (usually 3 years from date of filing) has changed on the D-40 return **for the tax year** you are amending. To file an amended return for the current year, complete another 2025 DC Individual Income Tax Return and fill in the "amended return" oval on the form. Attach a list with explanations of the changes covered by your amended return.

If you are filing an amended return for a prior year, attach a copy of the original and any amended returns filed for that tax year. You can download forms from [DC Tax Forms/Instructions](#) or call 202-727-4829 to request forms by mail.

If the IRS adjusts your individual federal income tax return, you must file an amended DC return within 90 days of receiving a final determination of the federal adjustment. Attach a copy of the adjusted federal return and/or determination letter.

Filing for a deceased taxpayer. Fill in the oval for a deceased taxpayer at the top of the page of the D-40.

If a taxpayer died in 2024 or 2025 before filing a return, a return must be filed for that person. Complete a D-40 on the correct year's tax return and provide the deceased person's information, not your own. Do not adjust the deceased's income, exemptions or deductions to reflect the date of death, unless a D-41 is being filed for the remainder of the year after the date of death. Tax preparers, other than the surviving spouse/registered domestic partner, such as executors, attorneys, or other personal representatives, must attach letters of administration. If a refund is due, all tax preparers must attach a completed Form FR-147, Statement of Persons Claiming Refund Due a Deceased Taxpayer, found on the [DC Tax Forms/Instructions](#) page and a copy of the death certificate. Do not use the federal form to request a DC refund. Refunds will be issued by paper check only.

Joint Returns After Separate Returns

You can change your filing status from a separate return to a joint return by filing an amended return. You generally can change a joint return anytime within 3 years from the due date of the separate return or returns. This does not include any extensions. A separate return includes a return filed by you or your spouse/registered domestic partner claiming married filing separately, registered domestic partners filing separately, single, or head of household filing status.

Separate Returns After Joint Return

Once you file a joint return, you cannot choose to file separate returns for that year after the due date of the return. **Exception:** A personal representative for a deceased person can change from a joint return elected by the surviving spouse to a separate return for the deceased. The personal representative has 1 year from the due date of the return (including extensions) to make this change.

Exclusion of Certain Grants From District Gross Income

Pursuant to DC Code § 47-1803.02, the following grants are excluded from District gross income:

The amount received by businesses and individuals pursuant to these grants may be subject to federal income tax and included in federal gross income. For Form D-40 Individual Income Tax Return: the amount of the grant should be included in the federal Adjusted Gross Income that is reported on the federal Form 1040 to Line 4 of Form D-40. Therefore, complete and submit Schedule I which is a Schedule for Additions to and Subtractions from federal Adjusted Gross Income. Use Line 13 of Schedule I to report the amount of the grant. The total additions to and subtractions from federal Adjusted Gross Income captured by Schedule I are carried over to Form D-40. Submit the 1099-G showing the amount of the grant.

Other Exclusion

In addition to the grants listed above, and the exclusions enumerated in D.C. Code § 47-1803.02, for tax year 2025, forgiveness of River East at Grandview Condominium Loans are also excluded from DC income. If this item is included in your federal adjusted gross income, use Schedule I, Calculation B, Line 13, "Other" to subtract it from District gross income. Attach a statement identifying the item, including an explanation and/or computation for the amount.

Getting Started

To complete the paper Form D-40, in general you will need:

- A copy of your completed 2025 federal return, as applicable (Form 1040, 1040-SR, 1040-NR, or 1040-NR-EZ) and any additional forms or worksheets related to the return. If you are not required to file the 2025 federal return, you should prepare a mock-up of the applicable form as if you are required to file it with the IRS. You can copy many entries directly from federal forms 1040, 1040-SR, 1040-NR or 1040-NR-EZ. Please be careful since the line numbers may differ from the District Form D-40 line numbers;
- A copy of your completed state return if you filed an income tax return with another state;
- Your 2025 W-2 and applicable 1099 forms with DC withholding tax or taxable income;
- A pen with black ink;
- A calculator.

Not all items will apply. Fill in only those that do. If an amount is zero, make no entry, leave the line blank.

Do not enter cents. Round to the nearest dollar.

Taxpayer Identification Number(s) (TIN)

You must have a TIN, whether it is a Federal Employer Identification Number (FEIN), Social Security Number (SSN) or Individual Taxpayer Identification Number (ITIN).

- **An FEIN is a valid number issued by the Internal Revenue Service.** To apply for an FEIN, get Form SS-4, Application for Employer Identification Number, or get this form online at www.irs.gov/businesses. You may also get this form by calling 1-800-TAX-FORM (1-800-829-3676).
- **An SSN is a valid number issued by the Social Security Administration (SSA) of the United States Government.** To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or online at www.ssa.gov. You may also get this form by calling 1-800-772-1213.
- **An ITIN is a valid number issued by the IRS.** The IRS issues ITINs to individuals who are required to have a U.S. taxpayer identification number but who do not have, and are not eligible to obtain an SSN from the SSA. ITINs do not serve any purpose other than federal and state tax reporting.

Preparer Tax Identification Number (PTIN)

- **A PTIN is an identification number issued by the IRS.** All paid tax preparers must use their PTIN on tax returns or claims for refund.

You must wait until you receive either one of these numbers before you file a DC return. Your return may be rejected if your TIN is missing, incorrect or invalid. You could be subject to a balance due or disallowance of credits if your dependent's or other qualifying person's TINs are missing, incorrect or invalid.

DC income tax withheld (paper filers)

Add the DC income tax withheld as shown on your 2025 federal Forms W-2 and applicable Forms 1099. Attach all copies of your Forms W-2 and 1099 that show DC tax withheld to Form D-40 and submit with Form D-40.

Filing Status

More than one filing status may apply to you. Use the one that will give you the lowest tax. Please ensure the oval to the left of the filing status is filled in.

Generally, you will use the same filing status on your DC return as the one you used on your federal return. However, if you used married filing jointly on your federal return, it may be better for you to file your DC return using either *married/registered domestic partners filing separately* or *married/registered domestic partners filing separately on the same return*. If both have income, figure the tax both ways to determine which status will give you the lowest tax.

Single

You were unmarried, divorced or legally separated as of December 31, 2025, or were widowed prior to January 1, 2026, and did not remarry before January 1, 2026.

Filing Jointly

You were married or have a registered domestic partner and both spouses/registered domestic partners were DC residents as of December 31, 2025, or your spouse/registered domestic partner died in 2025 and you did not remarry/register in 2025. If legally separated, do not file jointly. If your spouse died during the year, you are considered married for the whole year for filing status purposes. If you did not remarry before the end of the tax year, you can file a joint return for yourself and your deceased spouse.

If claiming injured spouse allocation, complete Form DC-8379 and attach it to your D-40 return.

If you are filing a joint return or filing separately on the same return, enter the name and TIN shown first on your previous year return, then enter the name and TIN shown second on your previous year return.

Registered domestic partners

To be considered as a registered domestic partner for DC tax purposes, the parties must be registered with the Vital Records Division of the DC Department of Health. If you have registered your relationship you may either file a joint return or file separately on the same return. You may also file separately using the married filing separately status.

Domestic partners or other similar relationship registered in other jurisdictions. If you have registered your relationship in another jurisdiction, you may file a joint return, or file separately on the same return, or file a separate return using the single status.

- If filing jointly is chosen, enter the total federal adjusted gross income of both registered domestic partners on Line 4 of the Form D-40.
- If you are married or registered domestic partners, you may file either a joint return or file separately on the same return. If filing jointly is chosen, enter the total federal adjusted gross income of both spouses/partners on Line 4, Form D-40.
- If filing separately on the same return is chosen, follow the instructions under Married or Registered Domestic Partners filing separately on the same return.

Married or registered domestic partner filing separately

If you are married or have a registered domestic partner and both spouses/partners had income, you can use this filing status. Include your spouse/registered domestic partner's name and Taxpayer Identification Number (TIN) in the Personal Information section.

You will each report only your own income, deductions, and credits. You will each report one-half of the income from any securities, bank accounts, real estate, etc., that are registered or titled in both names.

Registered domestic partners who choose to file as married and married individuals must use this filing status if:

- You and/or your spouse/registered domestic partner were part-year residents of DC during different periods of 2025;
- You were a DC resident and your spouse/registered domestic partner was one of the following:
 - A member of the US armed forces and not considered a DC resident, but you are required to report income in DC;
 - A member of the US Congress or an employee on the personal staff of a member of Congress who is considered a resident of the member's state of residency;
 - An officer of the US Executive Branch whose primary residence was not in DC, who is appointed by the President, confirmed by the US Senate and serves at the pleasure of the President; or
 - A justice of the US Supreme Court whose primary residence was not in DC.

Dependent claimed by someone else

If you are claimed as a dependent on someone else's return, fill in the dependent claimed by someone else' oval on the D-40 return. If you are a married dependent, and you are claiming the standard deduction, fill in the oval on Schedule S, Calculation G-1.

Married or registered domestic partner filing separately on the same return

You and your spouse/registered domestic partner must combine your separate amounts using Calculation J on Schedule S so that you will either receive one refund or make one tax payment. You may also claim a credit for child and dependent care expenses. Using this filing status may reduce the amount of tax you owe by allowing each spouse/registered domestic partner to take advantage of lower tax brackets.

Before completing Calculation J, and the Form D-40, you will need to figure the following for you and your spouse/registered domestic partner:

- Each person's federal adjusted gross income;
- Each person's additions to federal income;
- Each person's subtractions from federal income; and
- Each person's deductions.

NOTE: If you and your spouse/registered domestic partner were part-year residents of DC during different periods of 2025, you cannot file separately on the same return. You must file separate returns.

Injured Spouse Allocation

If either spouse/registered domestic partner has an outstanding liability for prior federal tax, DC income tax, DC unemployment compensation debt, child support, a federal non-tax debt, such as a student loan or DC ticket and traffic penalties, the non-liable party may request that their portion of the refund, if any, not be offset to satisfy the other spouse's/registered domestic partner's debt by requesting "injured spouse" allocation. You must file Form DC-8379 before an offset occurs. Once the offset has been applied to a debt, you must contact the agency to which the offset was directed. After an offset has occurred, OTR cannot refund offset amounts. If not filing electronically, fill in the oval on the D-40 form, attach Form DC-8379 (Injured Spouse Allocation) to your return and mail to:

Office of Tax and Revenue
PO Box 96145
Washington, DC 20090-6145

Head of Household

You may claim this status if you were unmarried or legally separated as of December 31, 2025, and paid over half of the costs of maintaining a home for a qualifying person, such as a child or parent. Certain individuals who lived apart from the spouse/domestic partner for the last six (6) months of 2025 may also be able to use this filing status. Use the appropriate section of Schedule S to enter the full name, TIN, relationship and Date of Birth (DOB) of the qualifying person whether that person is a dependent or the qualifying non-dependent. Failure to provide a Schedule S can delay processing. All the information must be complete, i.e., name, TIN, relationship and DOB.

Qualifying Widow(er) with Dependent Child

If your spouse/registered domestic partner died in 2025, you can use married filing jointly as your filing status for 2025 if you otherwise qualify to use this status. The year of death is the last year for which you can file jointly with your deceased spouse. You may be eligible to use qualifying widow(er) with dependent child as your filing status for 2 years following the year your spouse/registered domestic partner died. For example, if your spouse/registered domestic partner died in 2023, and you have not remarried, you may be able to use this filing status for 2025.

This filing status entitles you to use joint return tax rates and the highest standard deduction amount (if you do not itemize deductions) but it does not entitle you to file a joint return.

Eligibility rules. You are eligible to file your 2025 return as a qualifying widow(er) with dependent child if you meet all of the following tests:

- You were entitled to file a joint return with your spouse/registered domestic partner for the year your spouse/registered domestic partner died. It does not matter whether you actually filed a joint return.
- Your spouse/registered domestic partner died in 2023 or 2024 and you did not remarry by the end of 2025.
- You have a child or stepchild whom you can claim as a dependent. This does not include a foster child.
- Your child lived in your home all year, except for temporary absences. There are exceptions for a child who was born or died during the year and for a kidnapped child.
- You paid more than half the cost of keeping up your home for the year.

Standard Deduction

Starting with tax year 2025, the District has established its own standard deduction amounts which are different from the federal standard deduction amounts. Refer to the "2025 DC Individual Income Tax Filing Requirements Chart" on page 7 of this booklet.

Single individuals, dependents and married/registered domestic partners filing separately are allowed a standard deduction amount of \$15,000. Head of household filers are allowed a standard deduction of \$22,500.

Married/registered domestic partners filing jointly, qualifying widow(ers) with dependent children, and married/registered domestic partners filing separately on the same return are allowed a standard deduction of \$30,000.

An additional standard deduction amount of \$1,600 (\$2,000 if single, head of household, or dependent claimed by someone else and are not married) is allowed if you were born before January 2, 1961, or are blind. You must attach the Schedule S with a completed Calculation G-1 to claim the additional standard deduction.

You are not entitled to the standard deduction if you itemize on your federal return. You are entitled to the itemized deductions excluding the state and local taxes and subject to the DC 5% limitation.

District Code § 47-1803.04(b) states "If an individual elects to claim the standard deduction on the individual's federal income tax return, the individual must claim the standard deduction as defined in § 47-1801.04(44) and no itemized deductions and other additions to the standard deduction are allowed, except as otherwise provided in this chapter. If an individual elects to claim any itemized deductions on the individual's federal return, the individual must claim the itemized deduction as allowed under this section and the standard deduction is not allowed. For married individuals or domestic partners, if the net income of one of the spouses or registered domestic partners is determined by itemizing deductions on a separate return, neither of the spouses or registered domestic partners is allowed the standard deduction."

DC Earned Income Tax Credit (EITC)

The DC EITC is a credit for certain District residents who work. The credit may give you a refund even if you don't owe any tax or didn't have any tax withheld. You cannot claim the DC EITC, however, if your filing status is Dependent claimed by someone else.

The DC EITC has now been expanded to include DC residents who are not citizens or resident aliens of the United States. Starting January 1, 2023, an individual taxpayer identification number (ITIN) issued by the IRS shall be permitted for the individual, the individual's spouse, or any qualifying child claimed on a D-40 individual income tax return that claims the DC EITC. This means taxpayers not eligible for the federal earned income credit (EIC) because they do not have social security numbers may claim the DC EITC by calculating the federal earned income credit amount, ignoring the SSN requirement. You must meet all other requirements and have a valid ITIN(s) issued by the IRS.

Payment of the credit amount allowed will be made differently than in previous years. For taxable years starting January 1, 2024, the DC EITC will be distributed as follows: if the amount of the DC EITC allowed is at least \$1,200, you may choose to receive the DC EITC portion of your refund in 12 equal monthly payments instead of one total payment. To choose 12 equal monthly payments, fill in the oval on Line 27 of your D-40 return. If you do not fill in the oval, you will receive your refund, including the DC EITC portion of your refund, in one total payment. **Please note: Choosing to receive this credit in monthly payments may cause you to lose your Supplemental Nutrition Assistance Program (SNAP) or other federal benefits.** For more information about SNAP, contact the the Department of Human Services at (202) 807-0405 or dhs.dc.gov.

If you choose to receive monthly DC EITC payments, OTR will calculate the distribution of your net refund amount for you. Your initial payment will be different from the D-40, Line 43 Net Refund amount. OTR will send a notice to every individual who chooses to receive their DC EITC in 12 equal monthly payments. The notice will tell you the amount of your monthly DC EITC payment.

Taxpayers with a Qualifying Child

The DC EITC is equal to 100% of federal EIC, or 100% of the federal EIC amount you would be eligible for if you met all other requirements for federal EIC but do not have an SSN. If married filing jointly, you, your spouse and your qualifying child(ren) must have an SSN or an ITIN issued by the IRS. If you and your spouse have SSNs or ITINs but your child(ren) do not, you need to claim the DC EITC for filers **without** a qualifying child.

Enter the number of qualifying children on Line 27a of the D-40. Enter your calculated federal EIC amount on Line 27c. Enter the same amount on Line 27d.

Qualifying Child for EITC Purposes

A qualifying child as defined by the IRS for the EIC is a child who is your son, daughter, stepchild, foster child, brother, sister, stepbrother, stepsister, or a descendant of any of them (for example, your grandchild, niece or nephew) and was:

- At the end of the filing year, younger than you (or your spouse, if you file a joint return), and younger than 19;
- At the end of the filing year, younger than you (or your spouse, if you file a joint return), younger than 24 and a full-time student; and,
- At the end of the filing year, any age and permanently and totally disabled.

In addition, the qualifying child must have lived with you in the US for more than half of 2025, **unless you are claiming** the DC EITC as a non-custodial parent (see instructions for Schedule N).

If your child was married at the end of the year, the child is not a qualifying child, unless you can claim the child as a dependent or you have been given the right to claim the child as a dependent in an agreement signed by the child's custodial parent releasing the dependency exemption.

Schedule N, DC Non-Custodial Parent EITC Claim

DC Law also allows the same 100% of federal EIC to those who are not allowed to claim the EIC at the federal level but who meet other DC requirements, such as a non-custodial parent who is a District resident between the ages of 18 and 30, and is paying child support under a court order for a minor child. The taxpayer must have paid the child support of at least the amount due for the year through a government sponsored support collection unit and the order must have been in effect for at least one-half of the year. **You must file a D-40 form to use this exception.** Complete Schedule N, DC Non-Custodial Parent EITC Claim and attach to the D-40. Also enter the amount to be claimed on Schedule U, Part 1B, Line 1.

Taxpayers without a Qualifying Child

Taxpayers without a qualifying child must use the DC Earned Income Tax Credit (DC EITC) Worksheet For Filers Without a Qualifying Child on page 24 to determine the DC EITC. You may need information from the federal instruction booklet concerning the Earned Income Credit to determine your eligibility for the DC Earned Income Tax Credit. If you do not have a qualifying child for the EITC and did not qualify for the federal credit due to your income, or your lack of an SSN, you may still qualify for the DC EITC.

Contributions

There are 3 optional DC contributions. Contributions will be deducted from the refund due or added to the tax due. You can contribute as much as you would like. However your contribution cannot exceed your amount to be overpaid and the smallest contribution you can make to any one fund is \$1.00.

DC Statehood Delegation Fund

Enter on Part II Contributions, Line 1 of the Schedule U, and attach to the D-40.

Taxpayer Support for Afterschool Programs for At-Risk Students

Enter on Part II Contributions, Line 2 of the Schedule U, and attach to the D-40.

Anacostia River Cleanup and Protection Fund

Enter on Part II Contributions, Line 3 of the Schedule U, and attach to the D-40.

Tax tables

If your taxable income is \$100,000 or less, use the tax tables on pages 93-102 to find the tax for Line 20 of the D-40.

If your taxable income is greater than \$100,000, use Calculation I on page 20 to determine your tax.

Tax paid with extensions

Report tax paid with extension of time to file on Line 33 of the D-40.

Tax paid with original return

If this is an amended return, report tax paid with original return on Line 34 of the D-40.

Refund Options

There are 3 refund options offered for individual income tax returns. All individual income tax returns require that one of these refund options be selected.

1. Direct deposit of refund

Direct Deposit Facts:

1. It's simple. You don't have to cash a check.
2. It's safe. No more lost, stolen or misplaced checks.
3. It's fast. Your money will be available the morning of the payment.

All new direct deposit requests (taxpayers requesting a direct deposit for the first time) will receive a paper check.

If you want your refund deposited directly in your bank account, complete the Direct Deposit Information on the D-40. If the routing or account number begins with zeros, include the zeros.

Fill in the bank routing and account number information. You can obtain this information from the lower left portion of your check (see example below).

NOTE: Refer to your own check or financial institution for your numbers. The routing and account numbers may be in different places on your check.

Your routing number is the left-most number located on your check, identified as the American Banking Association (ABA) routing number. The ABA number identifies your bank uniquely within the direct deposit system. It must be:

- Nine (9) digits in length, including zeros;
- A current valid bank routing number.

Your account number:

- Is usually just to the right of your ABA routing number including zeros;
- Can be up to 17 digits long; and
- Can be both letters and numbers.

You may want to verify your account and routing numbers with your financial institution before filling in the information.

Fill in the oval to show the type of bank account. If you want the refund to go to a savings account instead of your checking account, you may need to contact your financial institution for the account and routing number information.

Check the ABA routing number and account number carefully. If your bank account information is incorrect or missing digits, the money can be deposited in someone else's account. Please double check your routing and account number. OTR is not liable for any ABA routing and account numbers reported on the return in error.

If you do not select the checking or savings oval, we will assume the refund will be deposited in your checking account. If the funds are returned to OTR, a paper check will be issued.

In the event of a rejection of direct deposit, refunds will be reissued on a paper check.

Note: Identity theft and fraud using direct deposit has grown significantly nationally and locally in recent years. To minimize direct deposit/identity theft refund fraud, OTR is converting new direct deposit refund requests to paper checks mailed to the taxpayer's address of record. Also see number 3, Paper Check section below for when paper checks will be issued.

Refund direct deposit to a foreign account – International ACH Transaction (IAT)

If you request your refund to be direct deposited to an account outside of the United States, you will receive a paper check.

2. U.S. Bank ReliaCard

If you want your refund on a **ReliaCard**, select "ReliaCard" under the Refund Options on the D-40 form. Refunds under \$2 or greater than \$4,000 do not qualify for the ReliaCard. Non-qualified refunds will receive a paper check if direct deposit is not selected. To obtain more information, visit <https://www.usbankreliacard.com>.

Note: If you selected the ReliaCard as your refund choice and are eligible to receive monthly EITC refund payments, please retain your ReliaCard. Monthly payments will be reloaded onto the initial card that you received containing your initial lump sum refund payment.

3. Paper Check

A paper check will be issued if:

- no refund option is selected;
- the taxpayer selects this option, or direct deposit is not selected or if the taxpayer selects ReliaCard and it is beyond the threshold for a ReliaCard;
- the taxpayer is a first time filer, even if they select direct deposit;
- there is a gap between filing i.e., filed in 2022 and 2023, but did not file in 2024; or
- the bank account changes from one year to the next; or
- the taxpayer requests a refund on behalf of a deceased taxpayer.

Refund status inquiry

To check the status of your refund visit MyTax.DC.gov. You will need to enter your taxpayer identification number (TIN) and the refund amount you requested on your return.

Third Party Designee

If you want to authorize another person to discuss your 2025 tax return with OTR, fill-in the oval in the Third Party Designee block on page 3 of the D-40, and enter the designee's name and phone number. If you want to authorize your paid preparer, enter 'preparer' in the 'third party designee' block. If you are filing a joint return, filling in the third party designee block oval constitutes authorization by both filers. Filling in the oval also gives the designee authorization to:

- Give OTR any information missing from your return;
- Contact OTR for information about processing your return and the status of any refund or payment; and
- Request, receive and/or respond to OTR notices related to your return.

The authorization does not:

- Give the designee the right to receive your refund;
- Bind you to any additional tax liability related to your return; or
- Otherwise give them the right to represent you before OTR.

This authorization automatically ends on April 15, 2027 (without regard to extensions).

Signature

Sign and date your return. If your filing status is married filing jointly or married filing separately on the same return, both spouses/registered domestic partners must sign. If the return is not signed, it will be sent back to you. If the return was prepared by a paid tax preparer, the tax preparer must also sign the return and provide their identification (PTIN) and telephone number. You, the taxpayer(s) are responsible for the information prepared and submitted by a paid preparer.

Email address

Enter the email address of the person authorized to discuss your 2025 tax return with OTR. This can be the taxpayer, the third party designee, or the paid preparer if you have filled in the oval authorizing the paid preparer to discuss this return with OTR.

Send in your original return and attachments, if applicable; please keep a copy for your records.

Do not understate your taxes

There may be a penalty if an understatement of the tax required to be shown on your return exceeds the greater of:

- 10% of the tax required to be shown on the return; or
- \$2,000

The penalty is 20% of the excess of the amount required to be shown on the return over the tax shown on the return.

Using a Paid Preparer

Although you may use a paid preparer, you the taxpayer(s) are responsible for the filing and payment of your tax return. Please review the tax return before you allow a paid preparer to issue a return on your behalf.

Preparers must pay a penalty for understating taxes where:

- The refund or amount due is based on unrealistic information; or
- The preparer should have been aware of a relevant law or regulation; or
- Relevant facts about the return are not adequately disclosed. Penalties range from \$250 to \$10,000.

1. Out of State tax credit. The amount taxpayers domiciled in DC may claim as a credit for individual income tax paid to other state(s) if the income taxed by that state is derived from that state. The tax paid to a State is the total state tax liability shown on the state tax return. (It is not the state withholding shown on your Form W-2.) The credit is limited to the rate of tax charged in the District. If you are a statutory resident, the state in which you are domiciled gives you a credit for the taxes paid to DC.

Complete Calculation K on the previous page to determine your out of state credit. If you paid tax to more than one state, the credit for each state must be calculated separately on the Calculation K worksheet. Enter the respective amounts and other state codes in the spaces provided. Enter the total credit amount on Schedule U, Part 1a, Line 2.

For information regarding credits for income taxes paid by pass-through entities (PTE taxes) to other states, see OTR Notice 2022-03, District Treatment of Pass-through Entities Taxes Paid to Other Jurisdictions. The credit shall not exceed \$1,000 per vehicle charging station for a private residence and \$10,000 per qualified alternative fuel vehicle refueling property or vehicle charging station. The cost of the purchase of the land on which the refueling or charging station will be located or the construction or purchase of any structure is not included in the equipment or labor costs. The unused credit can be carried over for two years.

(2) A credit not to exceed \$19,000 per vehicle, up to the tax liability, for 50% of the cost of equipment and labor per vehicle for vehicle owners who modify their existing petroleum-derived gasoline or diesel fuel vehicle into a vehicle capable of operating on one of a list of acceptable operating fuels: 85% ethanol; natural gas; compressed natural gas; liquefied natural gas; liquefied petroleum gas; biodiesel (excluding kerosene); electricity from a vehicle charging station; or hydrogen. Any unused credit for vehicle conversion cannot be carried forward. See D.C. Code Sections 47-1806.12 and 47-1806.13.

If you are claiming one of these credits, complete the residential form, Alternative Fuel Vehicle Conversion and Infrastructure Credits available online only at [DC Tax Forms/Instructions](#) under Individual Income Tax Forms: attach it to the D-40, Schedule U.

If gross income derived from the operation of an alternative fuel dispensing or charging station exceeds \$12,000, you must file a DC Form D-30 Unincorporated Business Franchise Tax Return.

3. DC Low-Income Housing Tax Credit (DC LIHTC)

The DC LIHTC is a non-refundable credit for taxpayers who invest in the construction and rehabilitation of housing for low and moderate-income individuals and families in the District of Columbia. The credit can be taken against income tax, franchise tax and insurance premium tax. For more information, see the "Instructions for Low-Income Housing Tax Credit Allocation and Certification" on [DC Tax Forms/Instructions](#).

4. Department of Housing and Community Development (DHCD) Rental Accommodations Division (RAD) Housing Provider Credit

Who is a Resident?

You are a resident of DC if:

1. You are an individual domiciled in DC at any time during the taxable year, or
2. You are an individual who maintains a place of abode within DC for an aggregate of 183 days or more during the taxable year, this is also known as a statutory resident.

Domiciliary

An individual is domiciled in DC if their permanent home is in DC. Domicile, once established, is presumed to continue until it is shown to have been changed. To establish a change of domicile from DC to a new jurisdiction, a person must demonstrate (1) physical presence in the new jurisdiction, (2) an intent to abandon their domicile in DC, and (3) an intent to remain in the new jurisdiction for an indefinite period of time. An individual can only have one domicile at a time. An individual domiciled in DC is a full-year resident under DC law and must file a full-year individual income tax return, except, if you establish or abandon your DC domicile during the year, then you are a part-year resident and will file a part-year return.

Statutory Resident

An individual is a DC statutory resident, even though not domiciled in DC, if they maintained a place of abode in DC for an aggregate of 183 or more days during the taxable year. The period of residency does not have to be consecutive days. In determining whether an individual has maintained a place of abode in DC for 183 or more days, temporary absences from the DC residence i.e. vacations, hospitalization, business trips, and the like, shall be considered as periods of District residency. A statutory resident is a full-year resident under DC law and therefore must file a tax return reporting their entire income for the taxable year even if they maintained a place of abode for less than the full year. A statutory resident may seek credits for individual income taxes paid to other state(s), while concurrently a resident of DC. However, they must provide satisfactory proof of payment, including an individual income tax return filed with the other state(s), in order to be eligible for a credit.

Part-Year Resident

An individual is a part-year resident if they move into or out of DC during the year with the intent to establish or abandon their domicile in DC. The calculation of tax liability for a part-year resident is prorated based on the income earned in DC during the period of residency. An individual filing a part-year return must indicate the period of domicile on Line 2 of Form D-40. All credits, exemptions and deductions must be prorated according to the time domiciled in DC.

Part-Year Instructions

If you are a part-year resident for the 2025 tax year, fill in the oval on Line 2 of the D-40, complete the applicable month, day and year in the "from" and "to" boxes. Divide the number of days lived in DC by 365 (366 if leap year). Use that number (standard rounding to four decimal places) and multiply by your credit, additions or subtractions amounts not previously prorated. Complete Calculation C for standard deduction and Calculation D for DC itemized deductions showing the type and amount of income received:

- During the time you were domiciled in DC;
- During the time you were not domiciled in DC; and
- The total income reported on your federal return as adjusted for DC purposes.

Before completing the D-40, calculate the following:

- Income received when you were domiciled in DC;
- Income received when you were domiciled outside of DC; and
- Allowable expenses paid or incurred when you were domiciled in DC;
- Allowable expenses paid or incurred when you were domiciled outside of DC.

The same allocation is required for credits and other deductions.

If you claimed itemized deductions on your federal income tax return, include for DC purposes only those relating to the time you were domiciled in DC. Your federal worksheet will assist you in completing Schedule I (Calculations A and B) and Calculation D (if applicable). Keep a copy of your worksheet, a copy of your tax return and all calculations. If you were domiciled in DC for only part of the 2025 tax year, allocate your DC income and deductions attributable to the time you were domiciled in DC. Also prorate your standard deduction and credits by dividing the number of days you were domiciled in DC by 365 (366 if leap year) and multiplying the result by the standard deduction/credit amount.

Example: *71 days of residency domiciled in DC divided by 365 (366 for leap year) equals 0.1945. For a taxpayer who is eligible to claim the maximum EITC For Filers Without a Qualifying Child, the credit amount is \$649. Multiply \$649 by 0.1945. The result \$126 is the prorated amount of the credit.

31	+	28	+	12 = 71 Days*

Standard deduction for part-year DC residents. Adjust your standard deduction to reflect the number of days you were domiciled in DC. Complete Calculation C on page 17.

Itemized deductions for part-year DC residents. Effective January 1, 2011, DC Official Code §47-1803.03 (b-4) provides that certain DC itemized deductions of DC taxpayers with over \$200,000 of DC AGI (\$100,000 for a separate return filed by a married individual) will be limited. Reduce the DC itemized deduction amount by 5% of the DC AGI in excess of \$200,000 (\$100,000 for a separate return filed by a married individual). The itemized deductions that are not subject to the 5% limitation are medical and dental expenses, expenses incurred in the production of investment interest, and casualty or theft loss deduction.

If your DC deductions are limited and you were a part-year DC resident, complete Calculation D on page 17.

Line 9 Taxable refunds, credits or offset of state and local income tax

Enter the amount from your 1040, 1040-SR or 1040-NR.

Line 10 Taxable amount of social security and tier 1 railroad retirement

Enter the amount from 1040 or 1040-SR.

Line 11 Income reported and taxed this year on a DC franchise or fiduciary return (D-20, D-30 or D-41)

If the income reported on your 1040 or 1040-SR included income reported and taxed on a DC franchise or DC fiduciary return, enter that amount here. Provide the taxpayer identification number (TIN) and your share of the income reported. Refer to Instructions, page 11 regarding TINs. Include the TIN on page 2 of the Schedule S.

Line 18 DC deduction amount

Standard deduction. Reference page 13 of the Instructions. Part-year DC residents, reference page 18.

Itemized deductions. Do not copy the amount from your federal return. Use Calculation D if you are a part-year DC resident, or Calculation F if you are a full-year or statutory DC resident. DC does not allow a deduction for state and local income taxes. You can deduct your entire state and local real estate taxes.

If your DC Adjusted Gross Income (AGI) is \$200,000 or less, complete Calculation F on page 20. DC income taxes paid are not deductible on your DC return. Therefore, reduce your federal itemized deductions amount by those taxes before entering the total on your DC return.

Certain DC itemized deductions of DC taxpayers with over \$200,000 of DC adjusted gross income (\$100,000 for a separate return filed by a married individual) will be limited. Reduce the DC itemized deduction amount by 5% of the DC AGI in excess of \$200,000 (\$100,000 for a separate return filed by a married individual). The itemized deductions that are not subject to the 5% limitation are medical and dental expenses, expenses incurred in the production of investment interest, and casualty or theft loss deduction.

If your DC deductions are limited, complete Calculation F on page 20.

Line 19 DC taxable income

Subtract Line 18 from Line 16. Enter the result; if a loss, fill in the oval.

Line 20 Tax

If Line 19 is \$100,000 or less, use the tax tables on pages 93-102 to determine your tax. If Line 19 is more than \$100,000, use Calculation I on page 20.

Married or registered domestic partners filing separately on the same return - Before completing Calculation J, the tax computation, on Schedule S, you must determine each person's separate federal AGI, additions to income, subtractions from income, and deductions. You must combine the separate amounts for each person before making entries on Lines 21-35 of the D-40.

DC tax, credits, and payments

The credits claimed on Lines 21 and 22 are non-refundable, which means they can reduce the taxes you owe, but they will not result in a tax refund. The credits you claim on Lines 27d or 27e, 28 and 29 are refundable credits, which means if these credits plus any tax payments are greater than your total tax due, you may receive a refund.

Line 21 Credit for child and dependent care expenses

If your status is married or registered domestic partner filing separately on the same return, you may claim the credit and divide it between spouses/registered domestic partners any way you wish.

If you were a full-year or statutory DC resident, to figure your DC credit, multiply the amount from federal Form 2441, Line 9c by .32. Enter the result on Line 21 of the D-40. (Do not use the DC Form D-2441.)

If you were a part-year resident, see the instructions on page 18.

If you were eligible for the Child and Dependent Care Credit but did not claim it for federal purposes, complete the federal Form 2441, multiply the result by .32 and claim the DC credit for child and dependent care expenses.

Generally, married persons must file a joint return to claim the credit. If you claim the credit and your filing status is married filing separately, you are required to show you meet the special requirements listed in the IRS Form 2441 instructions.

Line 22 Non-refundable credits from DC Schedule U

This entry is the total of non-refundable amounts from DC Schedule U, Part 1a, Line 7.

Line 23 Total non-refundable credits

Add Lines 21 and 22.

Line 24 Subtract Line 23 from Line 20

Subtract Line 23 from Line 20 and enter the result on Line 24. If Line 20 is less than Line 23, enter zero.

Line 25 DC Health Care Shared Responsibility

If you, your spouse/registered domestic partner (If filing jointly or separately on the same return), and anyone you or your spouse/registered domestic partner can claim as a dependent, had qualifying health coverage or an exemption for every month of 2025, enter zero. Otherwise complete Schedule HSR and accompanying worksheets to determine the amount of your Health Care Shared Responsibility Payment. From Schedule HSR, Part IV, Line 17.

Line 26 Total tax and DC Health Care Shared Responsibility

Add Lines 24 and 25.

Schedule N Non-Custodian Parent EITC filers must complete Schedule N and Schedule U and attach them to the D-40.

Line 27a Qualified EITC children

Refer to Instructions, page 13 If you have a qualifying child or children, enter the number of EITC children on Line 27a. Each qualifying child must have a valid social security number (SSN) or individual tax identification number (ITIN) issued by the IRS. If you have no children who qualify, you must claim the DC EITC **without** qualifying children.

Line 27b Enter your earned income amount. If you filed a 2025 federal return, enter the earned income amount reported on your federal return. If you did not file a federal return because you are below the federal filing threshold and/or lack a social security number, you may still claim the DC EITC by filing a D-40 return with an ITIN. To calculate the amount of your earned income refer to IRS Publication 596, Earned Income Credit (EIC) and the EIC Worksheet in the instructions for IRS Form 1040 and 1040-SR.

Line 27c (For taxpayers with qualifying children only). Enter the amount of federal earned income credit reported on your 2025 federal return. If you did not file a federal return because you are below the federal filing threshold and/or lacked a social security number, you may still claim the DC EITC by filing a D-40 return with an ITIN. To calculate the amount of your earned income refer to IRS Publication 596, Earned Income Credit (EIC) and the EIC Worksheet in the instructions for IRS Form 1040 and 1040-SR.

Line 27d Multiply the calculated federal EIC amount x 1.00 and enter result (for taxpayers with qualifying children only). This will be the same amount as your calculated federal EIC amount on Line 27c.

Line 27e For filers without qualifying children, use the DC Earned Income Tax Credit Worksheet For Filers Without a Qualifying Child to determine your DC EITC and enter the result.

Line 28 Property tax credit

If you filed a DC Schedule H, Homeowner and Renter Property Tax Credit, enter the amount from the appropriate Line (3 or 7). See the instructions in this booklet for assistance in completing Schedule H. If you are filing a D-40 and Schedule H by paper, attach Schedule H to your D-40.

Line 29 Refundable credits from DC Schedule U

Line 32 2025 Estimated income tax payments and amount applied from 2024 return

Enter the total of your 2025 DC estimated income tax payments and any amount applied from your 2024 return as a carryforward. If you are filing separate returns and paid estimated income tax payments, you and your spouse/registered domestic partner must divide the payments according to which spouse/registered domestic partner paid them. You cannot arbitrarily allocate the estimated payments between yourselves.

Line 33 Tax paid with extension of time to file

If you filed Form FR-127, Extension of Time to file a DC Income Tax Return, enter the amount you paid with the FR-127.

Line 34 If this is an amended 2025 return, enter payments made with original 2025 D-40 return.

Line 35 If this is an amended 2025 return, enter refunds requested with original 2025 D-40 return.

If you do, fill in the oval, attach the form to your tax return and enter the interest amount on Line 40 of the D-40. If you do not wish to calculate the interest, the Office of Tax and Revenue (OTR) will do it when your return is processed and will notify you of the amount due. (Cannot exceed refund amount on Line 38) Reference Instructions, page 14.

Add Lines 37, 40 and 41. You must pay this amount in full with your return. See page 9 for payment options under Instructions.

Line 43 Net Refund

If you answer yes to the question, "Will this refund go to an account outside the U.S?," you will be issued a paper check in lieu of direct deposit. See page 14 of the Instructions.

Line 44 Injured spouse allocation

Fill in the oval if either spouse is claiming injured spouse allocation, and attach Form DC-8379 (Injured Spouse Allocation). Your DC-8379 must be attached to your return at the time of filing or the offsets cannot be recoverable by OTR.

Electronic 1099-G

The Office of Tax and Revenue (OTR) offers a paperless option for receiving the Form 1099-G income tax refund statement. If you agree to receive your statement electronically, fill in the oval. We will notify you in January 2026 that your statement is available to be viewed and printed from our web portal if you are a registered user. Otherwise, you will continue to receive your paper statement unless you choose the paperless option.

Instructions for Schedule H

Homeowner and Renter Property Tax Credit

Home Defined

The term "home" refers to houses, apartments, rooming houses, condominiums, and cooperatives.

Eligibility

You must meet the following requirements to claim this credit:

- You were a District of Columbia (DC) resident from Jan 1. through Dec. 31, 2025;
- Your residence is not part of a public housing dwelling;
- You rented or owned and lived in a home, apartment, rooming house, or condominium in DC during all of 2025;
- Your 2025 federal adjusted gross income (AGI), was \$66,000 or less (\$90,000 or less if you are age 70 or older);
- You did not rent from a landlord whose property was either exempt from real property taxes or who paid a percentage of rental income to DC instead of paying a real estate tax;
- You must not be claimed as a dependent on someone else's federal, state, or DC income tax return unless you reached age 65 on or before December 31, 2025.

Additional Information:

- A Homeowner and Renter Property Tax Credit cannot be claimed on behalf of a taxpayer who died on or before December 31, 2025.
- Only one claimant per "tax filing unit" can claim the property tax credit.
- An individual who is claimed as a dependent on someone else's individual income tax return is only eligible to file the claim for their tax filing unit if they are 65 years of age or older.

Tax Filing Unit Defined

A tax filing unit is defined as an individual or married couple that would — if their income is above the DC filing threshold — file an individual income tax return. A married couple/registered domestic partners residing in the same household are part of the same tax filing unit whether filing jointly, separately on the same return, or separately on separate returns.

D-40 Filers

If you are required to file a DC individual income tax return (D-40), attach Schedule H to your D-40 return. Use the federal adjusted gross income amount from Line 4 of your D-40 (and the AGI of your spouse/registered domestic partner if filing separately on separate returns). You have three years from the due date to claim the credit. If you have already submitted your tax return for a previous year without the Schedule H form, you may file an amended return to include Schedule H.

Standalone Filers

If you are not required to file a DC individual income tax return because you are below the income tax filing threshold, you can file Schedule H as a standalone return. You may use the "Worksheet To Determine Federal Adjusted Gross Income" on page 2 of Schedule H to calculate the total federal adjusted gross income for yourself, and, if applicable, your spouse or registered domestic partner.

You can now electronically file the standalone Schedule H by accessing the [MyTax.DC.gov](https://mytax.dc.gov) web portal. For more information, visit [MyTax.DC.gov](https://mytax.dc.gov) or call e-Services at (202) 759-1946.

When is Schedule H due?

The Schedule H is due by April 15, 2026. You have three years from the due date to claim the credit.

Where to Mail Schedule H

If you are required to file a DC income tax return, attach Schedule H to your DC income tax return. Send it to:

Office of Tax and Revenue
PO Box 96145
Washington, DC 20090-6145

If you file Schedule H by mail as a standalone return, send it to:

Office of Tax and Revenue
1101 4th Street, SW, FL 4
Washington, DC 20024

Do I Use Section A or Section B?

If you **rent** your home, apartment, rooming house, condominium, or cooperative, use Section A.

If you **own** your home, apartment, rooming house, condominium or cooperative, use Section B.

Section A—Credit claim based on rent paid

Line 1 Total federal AGI of the tax filing unit

If you filed a D-40, enter the amount that you and, if applicable, your spouse or registered domestic partner reported on Line 4 of your D-40. If you are a standalone filer, you must compute your federal adjusted gross income (AGI) and enter that amount on Line 1 of Schedule H. For assistance in computing your federal adjusted gross income you can complete the “Worksheet To Determine Federal Adjusted Gross Income.”

If the sum of your federal AGI is more than \$66,000, (\$90,000 if you are age 70 or older) you are not eligible to claim the property tax credit.

If you are a standalone filer it is important that you list the name, taxpayer identification number, and date of birth on page 1 of Schedule H of the person whose income is included in the total federal AGI of your tax filing unit.

Line 2 Rent paid on the property in 2025

Enter the total rent you paid for the property during the year and multiply it by .20. If you sublet part of your home to another person, the rent that you received is gross income and must be reported on your D-40, or D-30 if gross rental income is greater than \$12,000.

Note: If you rent more than one home in the District in the same calendar year, rent you paid during the year is determined by dividing the rent paid pursuant to the last rental agreement in force during the year by the number of months during the year for which this rent was paid and then multiplying the result by 12. Enter this number for “Rent paid by you on the property in 2025.” Multiply the rent entered by .20.

Line 3 Property tax credit

Using the amounts entered in Lines 1 and 3, calculate your property tax credit amount using the “Worksheet to Compute Your Property Tax Credit.”

Section B—Credit claim based on real property tax paid or accrued

Line 5 Total federal AGI of the tax filing unit

If you filed a D-40, enter the amount that you and, if applicable, your spouse or registered domestic partner reported on Line 4 of your D-40. If you are a standalone filer, you must compute your federal adjusted gross income (AGI) and enter that amount on Line 5 of Schedule H. For assistance in computing your federal adjusted gross income you may complete the “Worksheet To Determine Federal Adjusted Gross Income.”

If the sum of your federal AGI is more than \$66,000, (\$90,000 if you are age 70 or older) you are not eligible to claim the property tax credit.

If you are a standalone filer, it is important that you list the name, taxpayer identification number, and date of birth on Page 1 of the person whose income is included in the total federal AGI of your tax filing unit.

Line 6 DC real property tax bill for tax year 2025

Refer to your real property tax bill. Enter the amount of DC real property tax for tax year 2025 as reflected on the District real estate tax bill ordinarily sent out in September each year. The credit is based upon the amount of real property taxes owed, whether paid or unpaid. Do not include interest, penalties, special assessments or service charges, and do not include taxes paid for earlier tax periods.

If a home is an integral part of a larger unit such as a multi-purpose building or a multi-dwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the home bears to the total value of the property.

REMINDER: If you rent out part of your residence to another person, the rent you receive is gross income and needs to be reported on your federal and DC tax returns. If gross rental income is greater than \$12,000, you will need to file a DC Form D-30.

Line 7 Property tax credit

Using the amounts entered on Lines 8 and 9, calculate your property tax credit amount using the “Worksheet to Compute Your Property Tax Credit.”

DISTRICT OF COLUMBIA LOW-INCOME HOUSING TAX CREDIT

The federal Low-Income Housing Tax Credit (LIHTC) was established by the Tax Reform Act of 1986 and is a dollar-for-dollar tax credit for federal taxpayers who invest in the construction and rehabilitation of housing for low and moderate-income individuals and families in the United States.

Pursuant to the District of Columbia Low-Income Housing Tax Credit Clarification Amendment Act of 2020, (D.C. Law 23-149, § 7201), and the District of Columbia Low-Income Housing Tax Credit Amendment Act of 2024 (D.C. Law 25-550 §2161) the District of Columbia has established a low-income housing tax credit for eligible projects located in the District of Columbia. An "eligible project" means a rental housing development in the District that includes more than 5 housing units; and units that will be affordable to tenants at an income level no greater than 80% of the median family income in the Washington Metropolitan Statistical Area.

The District of Columbia low-income housing tax credit (DC LIHTC) can be taken against income tax, franchise tax, and insurance premium tax. The credit can be claimed equally for 10 years or 120 months and subtracted from the amount of District tax otherwise due for each taxable period. The tax cannot be taken against any tax that is dedicated in whole or in part to the Healthy DC and Health Care Expansion Fund established by by DC Code §31-3514.02.

The credit is not refundable, but any amount of the credit that exceeds the tax due for a taxable year can be carried forward to any of the 10 remaining subsequent taxable years. The owner of an eligible project that qualifies for the DC LIHTC must obtain an eligibility statement issued by the Department of Housing and Community Development (DHCD) with respect to the project and submit an executed Form D-8609, District of Columbia Low-Income Housing Tax Credit Allocation and Certification.

All or any portion of District low-income housing tax credits may be transferred, sold, assigned, or allocated to parties who are eligible pursuant to Chapter 48 of Title 47 of the District of Columbia Official Code. There is no limit on the total number of allocations of all or part of the total credit authorized. Collectively, all transfers, sales, assignments, and allocations are subject to the maximum credit allowable to a particular qualified project.

A tax credit earned or purchased by, or transferred or assigned to, a partnership, limited liability company, S corporation, or other pass-through entity may be allocated to the partners, members, or shareholders in accordance with the provisions of any agreement among the partners, members, or shareholders and without regard to the ownership interest of the partners, members, or shareholders in the project. A partner, member, or shareholder to whom a tax credit is allocated may further allocate all or part of the allocated credit or may transfer, sell, or assign the allocated credit. Collectively all transfers, sales, assignments, and allocations are subject to the maximum credit allowable to a particular qualified project.

An owner, transferee, purchaser, assignee, or taxpayer to whom a credit is allocated desiring to make a transfer, sale assignment or allocation to another transferee, purchaser, assignee or taxpayer, must submit appropriate information to the Office of Tax and Revenue (OTR) and report the amount of DC LIHTC transferred, sold, assigned, or allocated, and the recipient of the credit. Follow the steps described in the Instructions for Low-Income Housing Tax Credit (LIHTC) Allocation and Certification booklet on [MyTax.DC.gov](https://mytax.dc.gov).

The District low-income housing tax credit can be recaptured if the owner fails to submit a copy of the eligibility statement issued by the Department with respect to the eligible project at the time of filing the return, or, if under IRC §42, a portion of any federal low-income housing tax credits taken on a low-income qualified project is required to be recaptured. If a recapture is required, any statement submitted to OTR as required by DC Code §47-4806(b) must include the proportion of the credit required to be captured, the identity of each transferee subject to recapture, and the amount of credit previously transferred, sold, assigned, or allocated to such transferee, purchaser, assignee, or taxpayer to whom a credit is allocated.

Except for unused credits carried forward and for credits claimed under regulations promulgated by the Department consistent with the special rule set forth in IRC §42, an eligible District of Columbia project is not eligible for any District tax credits for more than 11 taxable years.

Sign-Up for MyTax.DC.gov

[MyTax.DC.gov](https://mytax.dc.gov) is the web portal where you can view your available DC LIHTC amount and report credit transfers, sales, assignments and allocations to other credit recipients. All credit owners, transferors and recipients must complete a one-time registration to sign up for an online account. Credit transferors must report any credit transfers, sales, assignments and allocations on their MyTax.DC account before the credit recipients can view their portion of available DC LIHTC credit. For further information on how to view your DC LIHTC information and report transactions, please see Instructions for DC Low-Income Housing Tax Credit Allocation and Certification.

SCHEDULE I Additions to and Subtractions from Federal Adjusted Gross Income

General Instructions

Use Schedule I to report income or adjustments to federal adjusted gross income.

Additions to federal adjusted gross income are entered on Schedule I, Calculation A. The amount on Calculation A, Line 9 is entered on Form D-40, Line 6.

Subtractions from federal adjusted gross income are entered on Schedule I, Calculation B. The amount on Calculation B, Line 16 is entered on Form D-40, Line 14.

Note: In December 2025, the District enacted the DC Income and Franchise Tax Conformity Emergency Act of 2025 identifying which provisions of the federal One Big Beautiful Bill Act (OBBBA) the District will not adopt and incorporating additional tax changes. Some federal changes will not apply in the District. The District does not allow certain exclusions and/or deductions allowed under federal law on your federal return. If you excluded or deducted those items in computing your federal adjusted gross income (or you have income from a pass-through entity that claimed those items) you must add them back to your federal adjusted gross income.

Calculation A, Line 7 - "Other". Use Calculation A, Line 7 to report income for items that are no longer subject to federal tax but remain taxable in the District. Refer to the instructions for Calculation A, Line 7 below, for which items of income need to be added on Line 7, and how to report them. Also include other miscellaneous items of income that have no dedicated line for them on Schedule I. Attach a "Calculation A, Line 7 Statement" to Schedule I in which you identify each item included in the Line 7 total amount, including an explanation and/or computation for each amount.

Calculation A Instructions

Additions to federal adjusted gross income (AGI)

Line 1 Part-year DC residents - If you were not a resident of DC for the full year, enter all exclusions or deductions from your federal adjusted gross income that relate to the time period during the year when you were not a resident of DC.

You must add-back the excess of the 100% IRC 168(k) bonus depreciation and the 100% IRC 168(n) additional deduction over the depreciation amount calculated using regular depreciation methods for the qualifying property. You must also add-back the excess of the IRC 179 additional expense over the lesser of \$25,000 or the actual cost of the property in the year the property was placed in service.

Line 4 Any part of a discrimination award subject to income averaging.

Line 5 Any deductions distributed from S-Corporations and included in the Schedule K-1, Form 1120-S that are disallowed in the District must be added-back. See DC Code § 47-1803.03 for disallowed deductions.

Line 7 Other - Enter items of income excluded from federal adjusted gross income but subject to DC tax, including, but not limited to:

- a. Out-of-State Municipal bonds** - Interest on the obligations of other states, and their political subdivisions must be included in District gross income. Interest earned on obligations of the District or a territory of the United States, as well as obligations issued by DC Water, the Washington Metropolitan Area Transit Authority (WMATA), and the District of Columbia Housing Finance Agency (DCHFA) remain exempt.
- b. Capital gains on qualified small business stocks** - If you claimed the exclusion of capital gains from the sale or exchange of "qualified small business stock" as provided under IRC § 1202 you must add-back the gain on Calculation A, Line 7. The gross income exclusion under IRC § 1202 does not apply.
- c. Capitalization amortization of domestic research and experimental expenditures** - If your federal adjusted gross income includes claimed and/or passed-through deduction of the immediate expensing of research and experimental (R&E) expenditures under IRC § 174A, the immediate expensing is disallowed. R&E expenditures must be amortized and capitalized over a period of 5 years. You must add-back that amount on Calculation A, Line 7.
- d. Calculation of limitation of business interest expenses** - If your federal adjusted gross income includes claimed and/or passed-through business interest deductions as provided under IRC § 163(j), the business interest deduction must be computed by adding back depreciation, amortization, and depletion to adjusted taxable income. In addition, the "floor-plan" financing interest as defined under IRC § 163(j)(9) does not apply.
- e. Miscellaneous items of income that must be added back to District gross income** - If you have other items of income that you deducted on your federal return, but are taxable in the District, you must add back those items of income to District gross income.

Attach a "Calculation A, Line 7 Statement" to Schedule I in which you identify each item in the Line 7 total amount, including an explanation and/or computation for each amount.

Line 8 If you reported deferred capital gains on your federal return due to an investment in a Qualified Opportunity Fund, you must add-back the amount of the deferral here.

Line 9 Add the entries on Lines 1 through 8. Enter the total on Line 9 and on Form D-40, Line 6.

Calculation B Instructions

Subtractions from federal adjusted gross income

Line 1 Interest and dividend income on obligations or securities of the United States, or its agencies or instrumentalities, to the extent that this income is included in federal gross income. Attach a detailed statement including an explanation of the amount of exempt interest and/or dividends and the name of the payor(s).

Line 2 Disability income exclusion from DC Form D-2440. Enter the amount from Form D-2440, Line 10. Attach a completed D-2440. If disability payments were included in your federal gross income, you may be able to claim an exclusion for them on your DC return.

Line 3 Interest and dividend income of a child from Federal Form 8814. You may subtract this income from your adjusted gross income only if the child filed a separate Form D-40 reporting this income.

Line 4 Awards, other than front and back pay, received due to unlawful employment discrimination.

Line 5 Excess of DC allowable depreciation over federal allowable depreciation. If you claimed the federal bonus depreciation (100%) on your federal return, the DC basis for the depreciated property will be more than the federal basis. Use this line to subtract the excess depreciation from the federal AGI to show the proper DC depreciation allowable.

Line 6 DC College Savings Plan payments. Enter the amount contributed to a qualified DC "529" College Savings Plan. You may deduct up to \$4,000 annually for contributions you made to all qualified college savings accounts of which you are the owner. If you are married and file a joint or combined separate return, each spouse/registered domestic partner may deduct up to \$4,000 for contributions made to all accounts for which that spouse/registered domestic partner is the sole owner. A rollover distribution is not a contribution for purposes of this deduction. Contributions made to one or more accounts in excess of the allowable \$4,000 (\$8,000 for eligible joint filers) annual deduction may be carried forward as a deduction (subject to the annual limitation) for up to five years. If you were a part-year DC resident during the tax year, you may deduct only the amount contributed when you resided in DC.

Line 7a and 7b Exclusions for DC residents. Income not to exceed \$10,000 is excludable in computing DC gross income for persons determined by the Social Security Administration to be totally and permanently disabled and who are receiving: Supplemental Security Income or Social Security Disability; or railroad retirement disability benefits; or federal or DC government disability benefits; and whose annual household adjusted gross income is less than \$100,000.

Household income includes income received by all household members in the year, even income excluded from federal adjusted gross income.

Adjusted gross income is that of all persons residing in a household, excluding the adjusted gross income of any person who is a tenant under a written lease for fair market value.

Lines 8 and 9 Expenditures by DC teachers. An individual who:

- 1) has been approved by the DC public schools; and
- 2) has been a classroom teacher in a DC public school or public charter school for this entire tax year or the entire prior tax year may deduct:
 - the amount the teacher paid during the year for basic and necessary classroom teaching materials and supplies – up to \$500 per person whether filing individually or jointly.

- the tuition and fees paid during the year for postgraduate education, professional development, or state licensing examination and testing for improving teaching credentials or maintaining professional certification – up to \$1,500 per person whether filing individually or jointly.

Interaction between DC deductions and similar federal deductions.

To prevent a "double deduction" situation – if a DC classroom teacher claims a deduction on their federal return for personal expenses, the federal tax deduction claimed **reduces** the amount that may be claimed for those same expenses on the DC return. **For example:** a DC classroom teacher who claims \$1,500 or more for tuition and fees on the federal return (Form 1040 or 1040-SR) **may not** take any deduction for these same expenses on the DC return.

Line 10 Loan repayment awards. "Loan repayment awards" of up to \$120,000 paid over four years by DC to healthcare professionals to reduce their medical education debt are not taxed by DC. (This program is administered by the DC Department of Health.)

Line 11 Healthcare insurance premiums. Any healthcare insurance premium paid by an employer for an employee's domestic partner registered with the Vital Records Division of the DC Department of Health (see DC Code §32-701 (3) and 702) or an employee's spouse is deductible, unless on your federal return the employee's registered domestic partner or spouse is considered a dependent pursuant to IRC §152 and a deduction from income was taken for the premium on the employee's federal tax return.

Line 12 DC Poverty Lawyer Loan Assistance. Attach a copy of your Form 1099C (Cancellation of Debt) issued by the DC Office of the Attorney General (OAG). Lawyers eligible for this award are those whose legal practice has been certified by the DC OAG as serving the public interest.

Line 13 Other. Other items not subject to DC tax subtracted from federal adjusted gross income. See D-40 instruction booklet page 10 and DC Code § 47-1803.02(a)(2).

Attach a "Calculation B, Line 13 Statement" in which you identify each item in the Line 13 total amount, including an explanation and/or computation for each amount.

Line 14 Military Spouse Residency Relief Act. If you have determined that you are required to file a District of Columbia tax return and you are in one of the U.S. military services, one of the following may apply:

- 1) If a servicemember's legal residence for taxes is not in DC but the service member and spouse reside in DC due to military orders, the military compensation and the non-military spouse's compensation should be deducted on Schedule I, Line 14. If this applies to you, a copy of the Department of Defense form providing the service member's legal residence for taxes and a copy of the non-military spouse's legal residence for taxes should be kept with your tax records in case it is subsequently needed.
- 2) If a servicemember's legal residence for taxes is in DC and the service member and spouse reside in DC in compliance with the servicemember's military orders, they will file Form D-40 and will report all their income in DC, as either married filing jointly or married filing separately.

Line 15 DC Opportunity Fund Investment. If you have deferred capital gains due to an investment in a DC approved Qualified Opportunity Fund, subtract the amount of the deferment here, provided this amount is also included in Calculation A, Line 8 of Schedule I.

Line 16 Total Subtractions. Add entries on Lines 1 through 7a and 8 through 15. Enter the total here and on Form D-40, Line 14.

DC HEALTH CARE SHARED RESPONSIBILITY PAYMENT
STOP: If you answered 'yes' to Part I, Line 1. DO NOT complete this
schedule. Mark the oval on Line 3 of the D-40 and enter zero (0) on
Line 25 of the D-40**

DC law requires all residents to have health coverage, have an exemption, or pay a tax penalty on their D-40. DC enacted the law in response to the reduction of the federal individual responsibility payment and modeled it after the federal requirement. Beginning in 2020, all District residents must either:

- 1) Have qualifying health care coverage (see definition below) for yourself, your spouse/registered domestic partner (if filing jointly or separate on the same return), and anyone you or your married/registered domestic partner claim (or can claim) as a dependent;
- 2) Have a coverage exemption for yourself, your spouse/registered domestic partner (if filing jointly or separate on the same return), and anyone you or your married/registered domestic partner claim (or can claim) as a dependent; or
- 3) Make a health care shared responsibility payment.

D-40

If you and, if applicable, all members of your shared responsibility family (see definition below) had qualifying health care coverage for every month in 2025, fill in the oval on Page 1 of your D-40 and enter zero on Line 25 of your D-40. You do not need to complete Schedule HSR or make a shared responsibility payment. If you (and, if applicable, all members of your shared responsibility family) did not have qualifying health care coverage for every month in 2025, you must complete Schedule HSR to calculate your shared responsibility payment and/or to claim an exemption.

Schedule HSR

Part I - Complete Part I of the Schedule HSR. If you answer "yes" to question 1, mark the oval on Line 3 of your D-40 and enter zero on Line 25. If you answer "no" to question 1, you must complete Part II.

Part II - If you answer "yes" to question 2, 3 or 4, skip Part III and continue to complete Part IV. Enter zero on Lines 13-17 of Part IV and on Line 25 of the D-40. If you answer "no" to questions 2-4, you must answer question 5-6 and complete Part III.

Part III - Enter the name and taxpayer identification number (TIN) for each member of your shared responsibility family, the code for the exemption claimed and the number of exempt months claimed for each exemption type claimed. For a list of exemption codes, see the Exemption Chart.

- If you are claiming one exemption type for the entire year, enter the applicable exemption code and "12" for the number of exempt months claimed for that member.
- If you are claiming an exemption for less than 12 months, enter the applicable exemption code and the total number of months claimed for that exemption type for that member.
- If you are claiming multiple exemption types for one member, list that member more than once and enter the exemption code and number of months claimed for each exemption type for that member.

Follow the line-by-line directions provided on the form. Enter the amount from Line 5 on Schedule HSR, Part IV, Line 13. Proceed to Worksheet B-1.

Worksheet A-2

Complete this worksheet only if you are claiming an exemption, including maintaining partial-year minimum essential coverage, for any month for any member of your shared responsibility family.

List the name of each member of your shared responsibility family in the provided row. Then, for each month, mark an "X" in the appropriate column listed for the member(s) of your shared responsibility family who did not have minimum essential coverage or a coverage exemption. For example, if your dependent "John" had a health care coverage only for the month of January and had no coverage exemptions for the remainder of the year, mark an "X" in each of the month columns February through December on the row associated with John's name.

Line 1a: For each month, add the total number of "X's" in the column. The maximum number entered in any month's column is 5, even if that column includes more than 5 "X's". For example, if each of the 6 members of your shared responsibility family did not have health care coverage or a coverage exemption for January, you should enter "5" on Line 1 in the January column.

Line 1b: After you have completed the step above for each month, add together the totals calculated for each month. Enter this sum on the provided space in the "Line 1b" box. For example, if you entered "5" in the January column for Line 1a, "4" in the April column, and "0" in all other columns, enter "9" in the space provided in the "Line 1b" box.

Line 2: Enter the total number of "X's" in each month that correspond to members age 18 or older as of December 31, 2025.

Line 3: Enter one-half the total number of "X's" in each month that correspond to members under the age of 18 as of December 31, 2025.

Line 4: Add Lines 2 and 3 for each month.

Line 5: Multiply Line 4 by \$795 for each month. If \$2,385 or more, enter \$2,385.

Line 6: Total the amounts reported in each month's column on Line 5 and enter the result here.

Line 7: Divide the amount reported on Line 6 by 12. This is your flat dollar amount. Enter this amount on Schedule HSR, Part IV, Line 13 and proceed to Worksheet B-1.

B. Percentage Interest Calculation Worksheets

Worksheet B-1

Complete this worksheet if you completed either Worksheet A-1 or Worksheet A-2. If you completed Worksheet A-2, you must also complete Worksheet B-2.

Definitions

- **DC resident.** For purposes of Schedule HSR, DC resident has the same meaning as "resident" defined on page 18 of the D-40 instruction booklet. See DC Official Code § 47-1801.04(42). (Part-year residents should claim an exemption as a nonresident of the District for the month(s) during the tax year that they were not a DC resident.)
- **Shared responsibility family.** For purposes of Schedule HSR, shared responsibility family includes the following individuals:
 - The taxpayer;
 - The taxpayer's spouse or registered domestic partner if they file a D-40 jointly or separately on the same return; and
 - Any dependents that the taxpayer (or the taxpayer's spouse/registered domestic partner) claimed or could have claimed on their D-40.

- **Qualifying health coverage.** For purposes of Schedule HSR, qualifying health coverage means:
 - Minimum essential coverage as defined by section 5000A of the Internal Revenue Code of 1986 (26 U.S.C. § 5000A) and its implementing regulations, as that section and its implementing regulations were in effect on December 15, 2017;
 - The immigrant Children's Program; and
 - Health coverage provided under a multiple employer welfare arrangement; provided that the multiple employer welfare arrangement provided coverage in the District on December 15, 2017, or complies with federal law and regulations applicable to multiple employer welfare arrangements that were in place as of December 15, 2017.
- **Adjusted Gross Income (AGI).** For purposes of Schedule HSR AGI is the federal AGI reported on Line 4 of your D-40 return. If you are filing a joint return or filing separately on the same return with your spouse or registered domestic partner, use the combined federal AGI reported on Line 4 of your D-40 return. If a member of your shared responsibility family (spouse or dependent) filed a separate return, the federal AGI reported by that member on their separate return does not need to be added to the federal AGI reported on your D-40 for the purposes of calculating the shared responsibility payment on your return.

Instructions for DC-8379 Injured Spouse Allocation

Purpose of form

DC-8379 is filed by one spouse/registered domestic partner (the injured spouse/registered domestic partner) on a jointly filed tax return when the joint overpayment was (or is expected to be) applied (offset) to a past-due obligation of the other spouse/registered domestic partner. By filing DC-8379, the injured spouse/registered domestic partner may be able to get back their share of the joint refund.

Are you an injured spouse?

You may be an injured spouse if you file a joint return and all or part of your portion of the overpayment is expected to be offset to your spouse's legally enforceable past-due federal income tax, state income tax, state unemployment compensation debts, child support, or a federal nontax debt, such as a student loan.

A Notice of Offset for federal tax debts is issued by the Internal Revenue Service (IRS). All other Notice of Offsets are issued by the DC Office of Tax and Revenue (OTR) on behalf of the affected agency.

Complete Part I to determine if you are an injured spouse/registered domestic partner.

When to file

You **must** file the DC-8379 with your return in order to be eligible for this relief. You must submit your completed DC-8379 prior to the offset occurring. Once funds have been offset, this relief may be unavailable.

How to file

You can file DC-8379 with your joint tax return. If you file DC-8379 with your joint return, attach it to your return. The processing of DC-8379 may be delayed if the form is incomplete when filed.

Instructions for Underpayment of Estimated Income Tax by Individuals

Estimated Tax Interest

DC law requires every individual or couple filing jointly to pay estimated tax if they:

- receive taxable income which is not subject to DC withholding; or
 - receive wages with insufficient withholding; or
 - the tax on this taxable income is expected to be more than \$100.
- The law states that anyone required to file and pay estimated tax who fails to pay the amount required by the periodic payment due date is subject to interest on the underpayment of estimated income tax.

When is interest assessed for underpayment of estimated income tax?

Underpayment interest is assessed if your total DC estimated income tax payments (and withheld amounts) compared to your DC tax liability do not equal at least the smaller of:

- 90% of the tax due shown on your 2025 DC return; or
- 110% of the tax due shown on your 2024 DC tax return. You must have been a DC resident during all of 2024 to use the 110% exception.

Are there any exceptions to imposition of interest?

You are not subject to interest for underpayment of estimated tax if:

- You had no DC income tax liability for the tax year 2024 and in that year, you lived in DC the entire 12 months;
- The tax due for 2025 minus income tax withheld and/or estimated tax payments is less than \$100;
- Your DC estimated tax payments plus any DC income tax withheld equals at least 110% of your 2024 DC income tax liability; or
- Your remaining tax due after totaling all credits, estimated tax payments and withholding, is less than 10% of your total DC tax liability for the year.

When may you use this form?

- You may use this form to calculate your underpayment interest when submitting your D-40 form. If you do, fill in the oval, attach to your tax return and enter the underpayment interest amount on Line 40 of the D-40. If you do not wish to calculate the interest, the Office of Tax and Revenue (OTR) will calculate it when your return is processed and will notify you of the amount due.
- You may also complete this form if you believe the underpayment interest assessed by OTR for an underpayment of estimated income tax is incorrect.

How do you file this form?

Attach this form D-2210 to your D-40 return, if you complete it before filing your D-40 return. If you complete this form after filing and/or receiving a notice of an underpayment interest assessment, send it to:

Office of Tax and Revenue
Attn: Customer Service Administration
1101 4th St SW, 2nd Floor
Washington DC 20024

Completing this form

Line 1

Enter the amount from your 2025 D-40, Line 24 minus Line 30.

Line 2

Multiply the amount on Line 1 by 90% (.90). Your withheld taxes and/or estimated tax payments must be equal to or greater than this amount.

Line 3

Enter the amount from your 2024 D-40, Line 24 minus Line 30.

Line 4

Enter 110% of the amount from Line 3. If your 2024 return was amended or corrected, multiply 110% (1.10) times the corrected amount. You must have been a DC resident during all of 2024 to use this exception.

Line 5

Enter the lesser of the amounts on Line 2 and Line 4. If you did not file a DC return for 2024, use only the Line 2 amount.

Line 6

Multiply the amount on Line 5 by 25% (.25). This gives you an even distribution of your liability, payable over four periods.

Line 7

Enter the amount required from Line 6 under each of the payment columns. Include the amounts from the previous period in with the 2nd, 3rd and 4th periods. For example, if Line 6 is \$2000, you would enter \$2000 for the 1st period, \$4000 for the 2nd period, \$6000 for the 3rd period and \$8000 for the 4th period.

Annualized Income method: If your income was different for each period, you may want to determine the percentage for each period (divide the period income by the full year's income). Multiply Line 5 by each period's percentage and enter the amounts as shown above. Check the "Annualized Income" method box.

Line 8

Enter the amounts withheld and estimated tax payments made for each period. Include the amounts from the previous period in with the 2nd, 3rd and 4th periods. For example, if your withheld and estimated tax payment amount is \$1000 in each period, you would enter \$1000 in the 1st period, \$2000 in the 2nd period, \$3000 in the 3rd period and \$4000 in the 4th period.

Line 9 Underpayment each period

For each column, subtract Line 8 from Line 7. If Line 8 exceeds Line 7, you have no underpayment interest. If there is an amount remaining, this is your periodic underpayment amount.

Line 10 Underpayment interest factors

These are the underpayment interest factors by period.

Line 11

For each column, multiply the amount on Line 9 by the penalty factor on Line 10. This is your underpayment interest amount by period.

Line 12 Underpayment interest

Add the amounts from each period on Line 11. This is your total underpayment interest for your estimated income tax underpayment.

- If you are filing the D-2210 with your D-40 return, enter the amount of underpayment interest on Line 40, page 3 of the D-40.
- If you are filing the D-2210 separately, pay the amount you owe. Attach payment to Form D-40P, Payment Voucher.

Instructions for Form FR-127

Why file Form FR-127?

Use this form if you cannot file your DC individual income tax return by the April 15, 2026 deadline. By filing this form, you can receive an extension of time to file until October 15, 2026. You must use Form FR-127 to request an extension of time to file a DC individual income tax return.

A filing extension is not an extension of the due date for paying any tax you may owe. Before filing for an extension, estimate the taxes you will owe and pay any part of that amount that is not covered by DC withheld tax amounts and/or estimated tax payments. Include your payment with the FR-127 voucher and file it by April 15, 2026.

If filing jointly, or filing separately on the same return, enter the taxpayer identification number (TIN) and name shown first on your D-40 return, then enter the TIN and name shown second on your return.

Additional extension.

In addition to the 6-month extension, you may receive another 6-month extension if you are living or traveling outside the U.S. You must file the first 6-month extension by the April 15, 2026 deadline before applying for the additional extension of time to file by October 15, 2026.

Extensions for Members of US Armed Forces Deployed in a Combat Zone or Contingency Operation.

Deadlines for filing your return, paying your tax, claiming a refund, and taking other actions with the DC Office of Tax and Revenue (OTR) is extended for persons in the Armed Forces serving in a Combat Zone or Contingency Operation. The extension also applies to spouses/registered domestic partners, whether they file jointly or separately on the same return. See IRS Pub.3, Armed Forces' Tax Guide for detailed information. Fill in the 'if in Military Combat Zone' oval if it applies to you.

How to avoid penalties and interest.

You will be charged interest of 10% per year, compounded daily, for any tax not paid on time. Interest is calculated from the due date of the return to the date the tax is paid.

You will be charged a 5% per-month penalty for failure to file a return or pay any tax due on time. The penalty is calculated on the unpaid tax for each month or part of a month that the return is not filed or the tax is not paid. The maximum penalty is an additional amount due, equal to 25% of the tax due.

To avoid penalties and interest, do not underestimate your estimated income tax liability. Complete the worksheet above and pay the amount due with this request

Save for tuition and save on taxes.

Qualified distributions can help pay for:

- Tuition at eligible higher education institutions nationwide¹
- Certain room & board costs
- Computers and laptops
- Books and other tools, if required by the school
- K-12 Tuition²
- Loan Repayment up to \$10,000 lifetime³
- Apprenticeship programs⁴

Special tax deduction for DC residents

DC taxpayers can deduct up to \$8,000 for married or domestic couples filing jointly, who have separate accounts, (\$4,000 for individuals) when they contribute to their DC College Savings Plan account.⁵

Learn more at dccollegesavings.com/tax or 1.800.987.4859.

¹ Earnings on non-qualified withdrawals may be subject to federal income tax and a 10% federal penalty tax, as well as state and local income taxes and recapture of DC tax deductions. Tax and other benefits are contingent on meeting other requirements and certain withdrawals are subject to federal, state, and local taxes.

² K-12 tuition expenses at a private, public or parochial school (up to \$10,000 per year per student.)

³ If you make an education loan repayment from your Account, you may not also take a federal income tax deduction for any interest included in that education loan repayment.

⁴ The apprenticeship program must be registered and certified with the Secretary of Labor under the National Apprenticeship Act.

⁵ Contributions by DC taxpayers in excess of the annual limit may carry forward the excess of five (5) years and may be deducted in future years on their DC tax return. If a participant makes a non-qualified withdrawal or a transfer/rollover to another state's program within two (2) years of opening the account, the amount of the deduction is "recaptured" and must be included in the participant's District of Columbia income.

Before you invest, consider whether your or the beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in that state's qualified tuition program.
