

MI-WIC POLICY

Food Package

7.0 FOOD PACKAGE

Effective Date: 03/01/2026

7.04 Maximum Food Package

PURPOSE: To identify maximum monthly allowable amounts of supplemental foods in WIC food packages based on client category and age.

A. POLICY:

1. Standard food packages contain the full maximum monthly allowances (MMAs) of authorized foods based on client category (See Policies 2.01, Eligibility/Certification of Clients and 7.01, Food Package Determination and Customization.)
2. See the grid below for the federal WIC food packages.

WIC Food Packages

Food Package	Eligible Clients	See Tables
Food Package I	Infants 0-5 months of age.	A-C
Food Package II	Infants 6-11 months of age.	A-C
Food Package III	Clients on a food package for qualifying conditions that contain a WIC formula (see Policy 7.03, Food Package for Qualifying Conditions).	N/A
Food Package IV-A	Children 12-23 months of age.	D
Food Package IV-B	Children 2-4 years of age.	D
Food Package V-A	Pregnant clients with singleton pregnancies.	E
Food Package V-B	• Partially breastfeeding clients. • Pregnant clients with two or more fetuses.	F
Food Package VI	• Non-lactating postpartum clients. • Partially breastfeeding clients receiving more than the maximum amount of formula for partially breastfed infants (up to 6 months).	G
Food Package VII	• Exclusively breastfeeding clients. • Partially breastfeeding clients of multiple infants from the same pregnancy up to 1 year postpartum. • Pregnant clients who are breastfeeding an infant under 1 year of age.	H

3. The monthly Cash Value Benefit (CVB) amount for fruits and vegetables will be adjusted annually for inflation, if applicable, based on the Consumer Price Index for All Urban Consumers (CPI-U) for fresh fruits and vegetables. Adjustments are effective on the first day of each fiscal year.

4. Breastfeeding status must be re-evaluated at each visit and the food package adjusted as appropriate. Staff are expected to customize infant formula amounts based on the assessed needs of the infant and provide the minimal amount of formula that meets, but does not exceed, the infant's nutrition needs.
 - a. Fully Breastfed Infant food packages (See Table A) cannot be customized to include infant formula.
 - b. Partially Breastfed Infant food packages (Table B) can be customized with formula amounts up to the maximum for Fully Formula Fed Infants (Table C), without changing the dyad's client categories, if assessed formula needs exceed the quantity allowed for Partially Breastfed Infants (Table B).
 - i. From birth through five months, the BP client must be assigned Food Package VI (see Table G).
 - ii. From six through eleven months, the BP client must be assigned the "No Food Benefits" food package.
 - c. Clients exclusively breastfeeding multiple infants from the same pregnancy are eligible to receive 1.5 times Food Package VII (See Table I).
5. Changes in formula quantities for Fully Formula Fed Infant food packages (Table C) are only permitted for allowable reasons (See Policy 7.01, Food Package Determination and Customization).
6. Food Package II (See Tables A-C) allows for all or half of the infant fruits and vegetables to be replaced with fruit and vegetable CVB if deemed appropriate after a nutrition assessment. (See Policies 5.01A, Nutrition Education Definitions and 2.24, Mid-Cert Health Evaluation.)
7. For customized food packages with an odd number of milk or in cases of Food Package VII x 1.5 (See Table I) resulting in unredeemable food quantities, the MIS system will adjust the quantity to more in the odd months and less in the even months to equal the full MMA.
 - a. Odd months for Benefit Start Date (BST) are January, March, May, July, September and November.
 - b. Even months for Benefit Start Date (BST) are February, April, June, August, October and December.

8. See the tables below for the MMA for standard food packages.

Table A. MMA for Fully Breastfed Infants (IBE) - Food Packages I and II

	0-5 months	6-11 months
WIC formula	0	0
Infant cereal	0	16 oz
Infant fruits and vegetables and Fruits and vegetables	0	128 oz infant fruits and vegetables or 64 oz infant fruits and vegetables and \$11 CVB (refer to A.3.) or 0 infant fruits and vegetables and \$22 CVB (refer to A.3.)
Infant meat	0	40 oz

Table B. MMA for Partially Breastfed Infants (IBP) - Food Packages I and II

	0-3 months	4-5 months	6-11 months
WIC formula	388 fl oz reconstituted liquid concentrate or 384 fl oz RTF or 435 fl oz reconstituted powder	460 fl oz reconstituted liquid concentrate or 474 fl oz RTF or 522 fl oz reconstituted powder	315 fl oz reconstituted liquid concentrate or 338 fl oz RTF or 384 fl oz reconstituted powder
Infant cereal	0		8 oz
Infant fruits and vegetables and Fruits and vegetables	0		128 oz infant fruits and vegetables or 64 oz infant fruits and vegetables and \$11 CVB (refer to A.3.) or 0 infant fruits and vegetables and \$22 CVB (refer to A.3.)

Table C. MMA for Fully Formula Fed Infants (IFF) - Food Packages I and II

	0-3 months	4-5 months	6-11 months
WIC formula	823 fl oz reconstituted liquid concentrate or 832 fl oz RTF or 870 fl oz	896 fl oz reconstituted liquid concentrate or 913 fl oz RTF or 960 fl oz	630 fl oz reconstituted liquid concentrate or 643 fl oz RTF or 696 fl oz
