

Texas WIC Health and Human Services Commission

Effective: February 1, 2026

Policy No. QA 02.0

Local Agency Self-Audits

Purpose

To ensure the delivery of quality services meets the needs of participants and complies with federal, state, and local regulations, policies, and procedures.

Authority

7 CFR Part 246.19

Policy

The Local Agency (LA) must conduct self-audits that encompass an evaluation of its clinical, administrative, records, facility, fiscal management, and fiscal inventory systems to ensure that WIC services are provided in accordance with federal, state, and local regulations, policies, and procedures.

Definitions

Finding – A self-audit criterion that is out of compliance with federal, state, and/or local regulations, policies and procedures that requires an action to bring it back into compliance.

Corrective Action Plan (CAP) – a step-by-step plan of action that is developed by the LA to achieve targeted outcomes for the findings.

Complete Certification – A complete certification begins when the eligibility process is initiated and ends once the participant receives benefits. Complete certifications can be initial, recertification/sub-certification. The certification can be from the same family or different families.

Policy No. QA 02.0

Procedures

- I. The LA must designate a Quality Assurance position to ensure that self-audits are conducted in accordance with QA policies and procedures and to implement corrective actions for identified findings.
- II. The LA must use the most current State Agency (SA) QMB self-audit tools, worksheets, monitoring tools, and CAP template or an LA version as long as it contains at minimum the same information.
- III. Self-Audits must be completed as outlined below. The LA must conduct:
 - A. The Financial Management self-audit every other federal fiscal year (FFY), on the year the SA does not conduct a monitoring review of the LA. Example: If the SA review is in FFY2025, the LA self-audit will be in FFY2026. The next SA review will be in FFY2027 followed by the LA self-audit in FFY2028. The LA must use the SA worksheet FA-1 and the LA Fiscal self-audit monitoring tool together.
 - B. The Fiscal Inventory self-audit each FFY at all sites using the SA worksheet (FDA form). Brick and mortar and satellite sites are required; mobile units are highly encouraged.
 - C. The Administrative self-audit every other FFY on the year the SA does not conduct a monitoring review of the LA, using the LA Administrative self-audit monitoring tool.
 - D. The Clinical self-audit every other FFY on the year the SA does not conduct a monitoring review of the LA, using the LA Clinical self-audit monitoring tool.
 1. The LA must select 20% of clinic sites on a rotation schedule (brick and mortar and satellite sites are

- required; mobile units are highly encouraged). The sites should not include the same sites for which the SA conducted the monitoring review on the previous FFY, if possible.
2. At minimum, the LA must conduct five full certification observations per selected sites.
- E. The Record Review self-audit every other FFY on the year the SA does not conduct a monitoring review of the LA, using the LA Record Review self-audit monitoring tool and the QMB Record Review worksheet self-audit tool.
1. The LA must select 20% of clinic sites on a rotation schedule (brick and mortar and satellite sites are required; mobile units are highly encouraged). The sites should not include the same sites for which the SA conducted the monitoring review on the previous FFY, if possible.
 2. The LA must conduct a record review worksheet self-audit tool for each clinic selected in full (5 records per tab). If there are not enough records found, notate N/A.
 3. For all self-audits, if the LA discovered multiple findings, the SA recommends conducting more observations.
- IV. The CAP must be developed and approved within 90 calendar days of the completion of the self-audit(s) and fall within the same FFY.
- A. The CAP must be specific to the findings that are out of compliance.
 - B. The LA must complete the requirements of the CAP, and the LA Director must approve the CAP, within 90 calendar days after the CAP is issued.

Policy No. QA 02.0

- C. All corrective action must be completed within 90 calendar days, or the CAP cannot be approved.
- D. If the LA issues multiple CAPs, there may be multiple timelines. All CAPs must be completed and approved within the FFY.
- V. The LA Director or QA coordinator must share the results of the self-audits with the Parent Agency (PA) within three months after the LA completes the self-audits. The LA must share the information via meeting or via email. Documentation of the meeting and/or emails must be kept on file for review purposes. Examples of meeting documentation must include proof the meeting occurred, the topic, attendees, and date.
 - A. The self-audits, CAPs and outcomes from the CAP must be clearly documented and kept on file electronically at the LA according to the retention period per Policy [GA:03.0](#) following the date of each self-audit.
 - B. All documentation must be made available to the QMB monitoring team as requested.
