

Texas WIC Health and Human Services Commission

Effective July 1, 2026

Policy No. WV:12.0

WIC Vendor Single-Function EBT System

Purpose

To define WIC authorized vendors and State Agency (SA) responsibilities, policies, and procedures for WIC-certified single-function electronic benefit transfer (EBT) systems.

Authority

7 CFR 246.12

Policy

A WIC authorized vendor must be certified by the SA to process WIC EBT transactions. The authorized vendor must demonstrate this capability by using its own multi-functional equipment or single-function equipment. For authorized vendors that meet eligibility criteria, single-function equipment may be provided by the state agency. Vendors that meet eligibility criteria must enter into an agreement with Fidelity Information Services (FIS) Government Solutions and comply with the Agreement for Benefits Redemption.

Definitions

Multi-function equipment – Point-of-Sale equipment obtained by a WIC vendor through commercial suppliers, that can support WIC EBT and other payment tender types.

Single-function equipment – Point-of-Sale equipment, such as barcode scanners, card readers, PIN pads and printers, provided to eligible authorized WIC vendors solely for use with the WIC Program.

Procedures

- I. Vendor Responsibilities
 - A. Authorized vendors must maintain a WIC-certified system that redeems WIC benefits.

Texas WIC Health and Human Services Commission

Effective July 1, 2026

Policy No. WV:12.0

- B. Vendors must comply with Food and Nutrition Service WIC EBT Operating Rules, federal and state regulations, policies and procedures, and the WIC EBT requirements listed in the Vendor Agreement throughout the Vendor Agreement period.

II. SA-Provided Single-Function EBT System

- A. The SA may provide single-function EBT equipment, and/or cover ongoing maintenance, processing fees for authorized vendors that meet the following eligibility criteria:
 - 1. The SA determines the vendor outlet is in an inadequate participant access (PA) area, as described in WIC policy [WV:03.0](#).
 - 2. The vendor outlet is compliant with state and federal rules and regulations, policies, and vendor selection criteria.
 - 3. The vendor must execute the Application and Agreement for Benefits Redemption with FIS Government Solutions to receive SA-provided single-function equipment.
- B. If the vendor fails to meet ongoing vendor selection criteria, is terminated, and/or withdraws from the WIC program, then the vendor outlet must return the single-function equipment according to the terms of the Application and Agreement for Benefits Redemption from FIS Government Solutions.
- C. Vendor terminations related to EBT capability are subject to the consideration of participant access as described in WIC Policy [WV:03.0](#).

- III. The SA's decision on providing single-function equipment is final and not subject to administrative appeal. The SA will provide written notification to WIC vendors of changes to federal or state statutes, regulations, policies, or procedures governing the WIC Program before the changes are implemented, providing as much advance notice as possible.
