

Central File Requirements

Policy: The local agency must maintain central files of specified documents according to retention policies as noted in the *Retention of WIC Records and Reports* policy.

Regulation: Colorado WIC State Policy

Procedure/Additional Guidance

The local agency will maintain the following central files:

- Vendor Reports
- Ward Road Pharmacy/Sentido Health special formula signed invoices
- Equipment Maintenance and Calibration Logs (scales, measuring boards, and hemoglobin analyzers)
- Formula Disposal Log
- If USDA determines that a civil rights violation occurred, the local agency must document the corrective action taken and all follow-up activities in the Civil Rights Complaint Tracking Log provided by the State Office. (see Customer Service Complaint Processing policy for details)

Note: See the *Retention of WIC Records and Reports* policy for retention requirements.
