

Texas WIC Health and Human Services Commission

Effective: April 1, 2025

Policy No. BF: 04.0

Breastfeeding Training

Purpose

To ensure that breastfeeding (BF) is promoted and supported on a local agency (LA) level.

Authority

7 CFR Part 246.11

Policy

All WIC staff who provide direct clinic services to WIC participants must receive initial and ongoing training on BF promotion and support.

Procedures

- I. All WIC staff who provide direct clinic services to WIC participants must receive training on the Staff Breastfeeding Referral Protocol referenced in [Policy BF:01.0](#). This must occur within one month of employment.
- II. All WIC staff who provide direct clinic services to WIC participants must complete the Breastfeeding Promotion and Support Module within 6 months of employment.
- III. All WIC staff who provide direct clinic services must receive ongoing BF training, at least once every fiscal year. Examples include local agency BF trainings, state agency BF trainings, and/or BF conferences.

Texas WIC Health and Human Services Commission

Effective: April 1, 2025

Policy No. BF: 04.0

- IV. All WIC CAs and any other staff designated to issue breast pumps must complete the state agency (SA) developed Texas WIC Breast Pump Training and Breast Pump Management in TXIN within 6 months of employment and prior to issuing breast pumps to WIC participants.
- V. The BF Coordinator must be trained according to [Policy BF:02.0](#).
- VI. All CAs, WCSs and IBCLCs must be trained in accordance with [Policy TR:03.0](#).
- VII. Peer Counselors (PC) must be trained in accordance with SA designated PC training materials prior to working with WIC participants and receive monthly in-services according to [Policy BF:03.0](#).
